<p>Councils have a critical role to play in the success of the Homes for Ukraine scheme and are uniquely placed to support local communities to offer people from Ukraine the warmest possible welcome to the UK.</p>

<p>This document contains guidance to councils and does not replace or contradict their statutory duties or responsibilities.</p>

<p>This guidance on the Homes for Ukraine scheme outlines the role of councils across England in supporting the scheme. Scotland and Wales have published their own

guidance for councils. Additional advice will be published for councils in Northern Ireland shortly. We are working with councils and devolved administrations to produce further versions of this guidance in the coming days (see final section for details on future guidance topics).

This guidance does not cover displaced persons already in the UK, persons transferring from visitor visas, nor individuals coming in via the Ukraine Family Scheme. This guidance does not cover children under 18 leaving Ukraine who are not travelling with or joining a parent or legal guardian.

This guidance does not cover children under 18 leaving Ukraine who are not travelling with or joining a parent or legal guardian. Guidance covering this cohort is available on GOV.UK via the following links: [Guidance for Councils \(Children and minors applying without parents\)](https://www.gov.uk/guidance/homes-for-ukraine-guidance-for-councils-children-and-minors-applying-without-parents-or-legal-guardians), [Guidance for Sponsors \(Children and minors applying without parents\)](https://www.gov.uk/guidance/homes-for-ukraine-guidance-for-sponsors-children-and-minors-applying-without-parents-or-legal-guardians) and [Guidance for Parents and Legal Guardians \(Children and minors applying without parents\)](https://www.gov.uk/guidance/homes-for-ukraine-guidance-for-parents-or-legal-guardians-children-and-minors-applying-without-parents).

This guidance applies to the Homes for Ukraine Scheme only.

Definitions

“Sponsor” or “sponsors” refers to an individual, group or organisation who has been approved to accommodate an individual or household from Ukraine under the “Homes for Ukraine” sponsorship scheme.

“Guest” or “guests” refers to an individual or household previously resident in Ukraine, prior to 1 January 2022, who have secured a visa under the “Homes for Ukraine” scheme, which enables them to be housed by a sponsor.

Background and eligibility

The Homes for Ukraine scheme was launched on 14 March 2022 by the Secretary of State for Levelling Up, Housing and Communities.

This scheme is open to Ukrainian nationals who were residents in Ukraine prior to 1 January 2022 and also to their immediate family members (for example spouse/partner and children under 18) who may be of other nationalities, to be sponsored to come to the UK. Applicants can apply from Ukraine or from any other third country.

Children who are currently outside of the UK can use the scheme to reunite with their parent or legal guardian who is currently living in the UK, if they are the child’s sponsor.

This guidance does not cover children under 18 who are not travelling with or joining a parent or legal guardian. On 28 July, we updated our specific [Guidance for Councils \(Children and minors applying without parents\)](https://www.gov.uk/guidance/homes-for-ukraine-guidance-for-councils-children-and-minors-applying-without-parents-or-legal-guardians), [Guidance for Sponsors \(Children and minors applying without parents\)](https://www.gov.uk/guidance/homes-for-ukraine-guidance-for-sponsors-children-and-minors-applying-without-parents-or-legal-guardians) and [Guidance for Parents and Legal Guardians \(Children and minors applying without parents\)](https://www.gov.uk/guidance/homes-for-ukraine-guidance-for-parents-or-legal-guardians-children-and-minors-applying-without-parents), which relates to existing and new applications from children who are not travelling with or joining a parent or legal guardian, to stay with a known sponsor in the UK (where sponsor eligibility and parental or legal guardian consent requirements have been met).

The [scheme](https://www.gov.uk/register-interest-homes-ukraine) allows individuals to sponsor named people from Ukraine. In [Scotland](https://www.gov.scot/publications/supporting-displaced-people-from-ukraine/pages/visa-schemes/) and [Wales](https://gov.wales/wales-super-sponsor) people fleeing Ukraine can also enter through the Devolved Government Sponsorship route. New applications to both the Scottish Government Welsh Government as a sponsor are paused at present but all existing applications to both schemes are continuing to be processed and existing visa holders continue to travel to Wales and be supported.

The number of people who can access this scheme is uncapped and is dependent on the capacity of the sponsors who come forward.

Guests will be able to live and work in the UK for up to 3 years and access benefits, healthcare, employment, and other support. Those arriving need to meet standard security checks prior to being issued with a visa. Sponsors and all adults in sponsors' households will also be subject to initial Police National Computer (PNC), criminal records and Warnings Index checks by the Home Office. Guests arriving from Ireland should only travel to the UK once they have a visa.

Pre and Post arrival checks

Those arriving need to meet standard security checks prior to being issued with a visa. Sponsors will also undergo eligibility and suitability checks prior to any visa being issued and all adults in sponsors' households will also be subject to initial criminal records checks by the Home Office.

Prior to arrival in the UK, the guest and sponsor are required to complete the online application form which also covers the biometric residence permit (BRP) and gives authorisation for personal data to be shared to help support the sponsor arrangement. To enable visa and security checks to be completed, sponsors will also need to provide evidence of their identity (see details in the application and process section below).

<p>Guests who hold a valid Ukraine international passport or expired passport with a formal extension stamp will not need to attend a Visa Application Centre (VAC). Guests without a passport will be required to book and attend an appointment at a Visa Application Centre to provide biometric information.</p>

<p>Once a visa application has been accepted and security checks completed, guests will be issued an official permission letter from UK Visas and Immigration (UKVI) confirming they can travel to the UK. Official permission letters will be issued to those travelling under the Ukraine Family Scheme and the Ukraine Sponsorship Scheme and will be issued electronically to the correspondence email listed in the application form. Individuals who have attended an appointment at a VAC will be issued with a vignette confirming permission to travel which will be attached to existing travel documents.</p>

<p>The permission to travel letter is not restricted to single entry. However, if a guest chooses to leave the UK before providing their biometrics and receiving a BRP, they will be required to present their permission to travel letter again and receive a new Leave to Remain Outside the Rules (LOTR) stamp on arrival. It is recommended that guests obtain a BRP before leaving the UK.</p>

<p>Upon arrival to the UK guests will be required to show their permission letter or Passport with vignette to Border Force officers. For those with a permission to travel letter, Border Force will endorse their passport with a six-month entry stamp.</p>

<p>Councils will be required to undertake accommodation and DBS criminal record checks for all adults (16 and over) in the sponsor household. The level of check is determined by the age and needs of the guests. Further information on Accommodation and DBS checks can be found in the 'role of Councils' section below.</p>

<p>Individual members of the public can sponsor a guest from Ukraine who meets the eligibility criteria for this scheme. Further details are set out below.</p>

<h2 id="application-process">Application process</h2>

<p>On Monday 14 March, the Homes for Ukraine page opened for potential sponsors (individuals and organisations) to record their interest in sponsoring a guest.</p>

<h3 id="individuals-sponsoring-named-guests">Individuals sponsoring named guests</h3>

<p>On Friday 18 March, a Home Office form opened for visa applications. Sponsors at this stage must be specific individuals.</p>

<p>Either a guest or a sponsor will be able to complete a single application for a visa. The form will ask the person completing it to name both parties.</p>

Sponsors and guests will find each other and match themselves externally. There is no single route to matching, and both the sponsor and guest could use a number of channels to find a match. They could for example already have a relationship in place with a friend in the UK/Ukraine, they could be friends of friends, or could find a sponsor or guest through a Non-Governmental Organisation (NGO), charity, or other channel.

The process is as follows:

1.Sponsor and guest find each other and agree to a match.

2.Either the sponsor or the guest fills out the single visa application form online using both parties' details.

3.Passport numbers (alongside completion of eligibility questions and other personal details) for both guests and sponsors will be required to complete the application online. The guest will also need to upload a scan of their passport. If the guest does not possess a passport, they will be required to travel to a visa application centre to process their biometrics. Security checks on both the sponsor and guest are commissioned from the name data declared in the application form. There is no requirement to upload a copy of identity documents for any other member of the sponsor household.

4.After the application is submitted, security checks are done on both the sponsor, all other adults in the sponsor's household, and the guest.

5.Once both sponsor and guest have passed the checks, the Home Office will issue the guest with a permit to travel.

6.The guest can then travel to the UK and coordinate their arrival with the sponsor.

7.Specific councils will provide welcome arrangements for guests, with additional immediate support provided to guests where it is required (see initial reception role of councils below).

A lead sponsor will be needed for each household. For example, where a couple has applied to sponsor, one of them should be designated as "lead sponsor".

We have set out the expectation on safeguarding above but are undertaking further work on the safeguarding process around individual sponsors and the adults in their households and this will be shared in the next version of the guidance. More detail is given in the section on the role of councils below.

Role of sponsors

The guidance below for councils sets out what is needed from councils to ensure the scheme can work effectively for both sponsors and the people they are trying to help. The guidance in this section aims to ensure appropriate and important checks to ensure safety and safeguarding as well as recognise that sponsors are not doing this in a professional capacity.

Sponsors are required to:

Meet the eligibility and suitability requirements to be approved as a sponsor.

Provide suitable accommodation for a minimum of 6 months. Accommodation needs to be free from serious health and safety hazards ensuring the property is safe for guests and in a suitable condition, with considerations set out in the scheme FAQs.

Check their mortgage lenders website for further guidance.

Notify their insurers that they will be hosting guests from Ukraine, prior to their arrival.

Homeowners in the UK who want to temporarily house people from Ukraine who have been displaced from the conflict in Ukraine as non-paying guests with them in their primary residence do not need to inform their insurer and their cover will remain the same. Sponsors should be aware of any existing terms that might apply to non-paying guests within their insurance policy and contact their insurer if they wish to discuss their cover or other changes in circumstances. Please refer to the Association of British Insurers' statement for more details. Stay in regular contact with their guests prior to their arrival to help organise and coordinate their arrival in the UK, meet them on arrival, and provide their guests with instructions on how to reach their accommodation if they are unable to meet them. Note: councils will still be required to provide general welcome point arrangements and immediate support on arrival if guests require it (see section below).

Support and help guests to adapt to life in the UK, initially checking if they have enough food and supplies such as toiletries, along with checking if they have access to a mobile phone and internet to stay in touch with family members.

Sponsors should help direct their guests to public services for example, registering with a GP or NHS dentist.

<p>The role of the sponsor is very rewarding, but also challenging. Sponsors should be aware that guests will have experienced trauma and have individual needs, experiences, and worries. Local authorities may want to discuss with sponsors:</p>

Being sensitive to their guests needs

Risks of exploitation and abuse

Sources of support

<p>Sponsors are required to meet the eligibility and suitability requirements to be approved as a sponsor.</p>

<h2 id="role-of-councils">Role of councils</h2>

Councils have a number of important functions in supporting the Homes for Ukraine scheme. Councils will be expected to offer the categories of support listed below. Further details on each of these will be issued shortly:

Initial welcome for Ukrainian arrivals at ports of entry

Relevant councils who have primary ports of entry have been asked to establish welcome point arrangements to provide an initial welcome to the UK and any immediate support required. Ports of entry have been prioritised based on frequency of rail and flight routes and anticipated number of arrivals from neighbouring countries to Ukraine. Councils should work with Strategic Migration Partnerships and the voluntary sector, and (if a multi-agency response is required) they may call on the coordination support of Local Resilience Forums.

Tiered funding has been provided to councils with points of entry to establish welcome arrangements for Ukrainian arrivals. Major ports where we expect regular arrivals from early morning to late at night and large numbers of flights on which people from Ukraine could arrive are outlined in the table below.

<p>These welcome arrangements should include basic meet and greet arrangements as well as the ability to provide immediate humanitarian assistance. There will be some local variation in response to match local needs and requirements. </p>

<p>Councils at major ports should consider the following capabilities as a core service offer when establishing a welcome point:</p>

- Welcome/rest point, with toilet facilities, telephone, telephone charging facilities and translation capability.
- Provision of any necessary immediate humanitarian assistance including food, drink, (over the counter) medical supplies and other sundries.
- Link with local travel operators for general provision of advice on onward travel.
- Triage point if matching arrangements fall down or if not met by a host and potential provision of overnight hotel accommodation; and
- Signposting the online welcome guide covering access to public services and advice.

<p>Councils should also consider the provision of social care staff to respond to any safeguarding concerns that may be flagged by Border Force.</p>

<h3 id="travel-from-outside-and-within-the-uk">Travel from outside and within the UK</h3>

<p>Stena Line travel are offering free transport onboard their ferries to people fleeing from Ukraine seeking shelter in another country. They are also offering free transport to registered charity and humanitarian organisations. As long as safety and capacity allow, the passengers will be booked on the first available sailing and all passengers need to bring a valid passport.</p>

<p>Eurostar is offering free travel on its network. Passengers with a valid visa to enter the UK and a Ukrainian passport can receive the free ticket by speaking to

any Eurostar team member at Paris Nord, Brussels-Midi, Lille Europe, or Amsterdam Central.</p>

<p>The Department for Transport have announced their free onward travel for Ukrainian arrivals. They are working closely with the Rail Delivery Group (the group that brings together all passenger and freight rail companies in the UK) to roll out the offer of a free single one-way journey from a port of entry to a final destination for incoming refugees. Train Operating Companies will brief frontline staff to grant free access to the network to those holding a Ukrainian passport, with accompanying boarding pass dated within the last 48 hours</p>

<p>From Sunday 20 March, guests arriving in the country are eligible for a single onward journey via national rail, bus, light rail, and coach. This will be free of charge to anywhere in England, Scotland and Wales.</p>

<p>To make use of this scheme, guests will need to show their Ukrainian passport and a boarding pass or ticket showing their arrival into the UK. The offer is valid across all train operators in England, Scotland and Wales, and guests will have 48 hours from arrival in the UK to complete their journey.</p>

<p>Within Wales, guests can travel on bus or rail services for free for the first six months after their arrival. They will need to show transport staff their passport or UK government permission to travel letter.</p>

<p>Guests will also be able to travel for free across London using TfL's London Underground, Docklands Light Railway (DLR), bus and tram services so they can reach their destination as quickly as possible.</p>

<p>Further information is available on the National Rail website.</p>

<p>The government has published a list of Recognised Providers. These are voluntary and community sector organisations running schemes that provide support for people on the scheme and help to match people coming from Ukraine with sponsors in the UK.</p> <p>Recognised Providers have been encouraged to establish a communication channel to the relevant Local Authorities where sponsors are based to ensure there is a link to the support councils are providing.</p> <p>In England, unitary and county councils will receive the necessary data from the Department of Levelling Up, Housing and Communities, about sponsors/guests who have applied for visas (including the accommodation address). The data is stored in the Foundry case management system (CMS) and councils can apply for access by completing an

[application form](#). District and county council users can access the CMS and see matched data for their respective areas. District councils will need to access foundry system data in order to commence necessary checks on sponsors.

Data will also be passed to the devolved administrations (Scotland, Wales and Northern Ireland). The Department of Levelling Up, Housing and Communities is exploring how to provide councils with live data on expected arrivals and will work with councils directly on this. Please note that it will be a condition of the funding provided to councils that data is uploaded accurately and frequently to the Foundry system. For further detail please see the section below titled 'Homes for Ukraine funding - grant conditions'.

The Department for Levelling Up, Housing and Communities (DLUHC) and the Home Office are data controllers for the [Homes for Ukraine](https://homesforukraine.campaign.gov.uk/) visa sponsorship scheme. Further information can be found in this [Privacy Notice](https://www.gov.uk/guidance/homes-for-ukraine-visa-sponsorship-scheme-privacy-notice).

Local council checks

The local council is responsible for initial checks, including at least one in person visit, payments to sponsors, ongoing support, school places, and information about the local area. Following the guest(s)' arrival, councils should confirm as soon as possible that the guest is well and that there are no welfare concerns or needs for care and support. Where there are concerns for the safety or welfare of a child, local authorities should follow their usual processes in line with [Working Together to Safeguard Children](https://www.gov.uk/government/publications/working-together-to-safeguard-children--2) which may include further assessments. Where it is suspected that the adult may have care and support needs, a needs assessment should be undertaken in line with the requirements of the Care Act 2014.

When checks raise a concern

The safety of beneficiaries and sponsors within the Homes for Ukraine scheme is paramount. Councils should assess whether any of the information gathered through their checks impacts upon a sponsor's suitability.

Where the council has concerns about the suitability of accommodation, they should speak with the owner of the property about changes that could be made to remedy any issues before deeming the property unsuitable. See further guidance on accommodation below.

Councils should remain vigilant to safeguarding risks and where concerns arise use existing guidance and frameworks to take appropriate action. See further guidance on responding to safeguarding or welfare concerns below.

Where a council assesses that a sponsor is unsuitable, they should record this information as soon as possible on Foundry. Where they are aware that an applicant is yet to be issued with a visa or has not yet travelled, they should also urgently report this case directly to DLUHC through the Jira helpdesk. It is vital

that councils report these cases through the Jira helpdesk as DLUHC is only able to take action on cases reported through this route.</p>

<p>In cases where the applicant has not been issued a visa, the visa application will not be progressed with that sponsor. Where the applicant meets all other requirements, the applicant will be contacted by the government to offer them the option to withdraw their visa application or be supported in finding a new sponsor through a rematch. The government will also contact the sponsor to advise them that the application will not be progressed.</p>

<p>In cases where the guest(s) has already been issued with a visa, but has not yet arrived in the UK, Border Force will attempt to intercept the beneficiary at the border and will contact the council to liaise on providing alternative accommodation. In these cases, the council will be responsible for urgently contacting the sponsor to advise them that the sponsorship arrangement will not be progressed. Councils should take reasonable steps to contact guests to inform them that the sponsor has not met the requirements of the scheme and set out the alternative options available to the guest.</p>

<p>In cases where the guest(s) has already arrived at the sponsor's household, the council will be responsible for contacting the guest(s) and the sponsor. It is crucial they do this as soon as possible, particularly where there are safeguarding concerns.</p>

<p>In both cases, where a visa has already been issued, the council will be expected to help secure or provide alternative accommodation, or domestic rematching. As it would be highly likely to be unreasonable for the guest(s) to occupy the accommodation, they would be owed statutory homelessness assistance. Local authorities may be able to end a homelessness prevention or relief duty owed to a guest(s) by facilitating a rematch, provided that the new placement and accommodation are suitable, and there is a reasonable prospect of it continuing to be available for at least six months. See further guidance below on homelessness assistance and rematching.</p>

<p>Councils have a statutory duty to promote the welfare of adults and children at risk and reserve the right to check in on guests and inspect accommodation once they have arrived. This duty may sit across different council functions in two-tier areas where statutory care duties sit with upper tier authorities and housing duties with lower tier authorities. In these areas, a coordinated approach is appropriate. The sponsor guidance makes clear that prospective sponsors will be subject to accommodation and welfare checks.</p> <p>Councils must make at least one in-person visit prior to the arrival of guests wherever possible and we have asked councils to confirm that they have checked that the accommodation exists as part of their data return to the Department. The cost of checks should not be passed to the sponsor or guest.</p> <p>We recognise that the sponsor scheme is a unique arrangement that is seeing people open-up their homes in response to an international crisis. Accommodation checks should be proportionate to this and we ask councils to

take a common sense approach. Councils have full discretion on the approach they take to accommodation checks and the judgements they make during these visits. We advise councils to check that accommodation is suitable for the number and profile of people intending to live in it, with access to adequate facilities, and that there are no serious safety issues (e.g. gas or electrical hazards). The Local Government Association has produced emerging [good practice examples and resources](https://www.local.gov.uk/topics/communities/refugees-and-asylum-seekers/ukraine-council-information/homes-ukraine-lessons) that councils may find useful in this context, and will be working to support councils as they take this work forward.

You may wish to note that sponsors have been asked to check that their accommodation is suitable, with considerations set out in the scheme FAQs which reflect some of the most common safety issues in homes. In this guidance we ask that accommodation:

- be kept clean and in a reasonable state;
- have adequate kitchen and bathroom space;
- have access to drinking water;
- have a working smoke detector on each floor of the property and other fire safety precautions suitable for the building e.g. fire doors or escape routes as appropriate (further information on [making a home safe from fire](https://www.gov.uk/government/publications/make-your-home-safe-from-fire));
- have a working carbon monoxide detector in any room containing a solid fuel burning appliance (e.g. a coal fire, wood burning stove);
- have sufficient heating to keep the property at a comfortable temperature;
- have safe gas appliances and fittings and flues; you should make appropriate checks; a Gas Safety Certificate is not mandatory though you may require one if you have cause for concern.
- have safe and working electrics, which a qualified electrician can help with if you are unsure;
- be reasonably free from damp or mould;
- have doors and windows at entry level that lock properly;
- be easy and safe to move around in, without excessively steep staircases that may cause harm.

Sponsors are also informed about the legal requirements on overcrowding. However, councils may consider any factors they deem relevant in order to assess whether accommodation is suitable, enabling flexibility at a local level to deal with individual cases on their merits. Councils continue to retain powers and duties set out in the Housing Act 2004. This guidance does not replace or affect that.

If, on checking the accommodation a council decides that it is unsafe and/or unsuitable, we recommend that they speak with the owner of the property about changes that could be made to remedy any issues before deeming the property unsuitable. Again, this should be based on a pragmatic approach. The government would encourage councils to support sponsors – particularly those that do not usually house guests or let out their property to tenants – to bring

their properties to an appropriate standard where possible, for example, by working with the Fire Service to supply additional smoke alarms. Councils retain the discretion to use their enforcement powers to require that issues are remedied if they judge that this is necessary and proportionate. For example, councils could undertake a risk assessment using the Housing Health and Safety Rating System and use their range of enforcement powers (e.g. Hazard Awareness Notices, Improvement Notices etc).

Following the guest(s)' arrival, councils should confirm as soon as possible that the guest is well and that there are no serious safeguarding or welfare concerns or needs for care and support. Where it is suspected that the adult may have care and support needs, a needs assessment should be undertaken in line with the requirements of the Care Act 2014.

Councils may use their discretion in determining the appropriate approach to undertaking these checks. Where possible, councils are encouraged to conduct an initial check of the accommodation before a guest arrives, except for in the case of a rematch, when the checks must take place in advance of move-in. The cost of checks should not be passed to the sponsor or guest. We have asked councils to confirm that they checked that the accommodation exists as part of their data return to the department. Sponsors have been asked to check that their accommodation is suitable, with considerations set out in the [scheme FAQs](https://www.gov.uk/guidance/homes-for-ukraine-scheme-frequently-asked-questions).

Where no rent is being paid by the sponsor of the accommodation, and since no rent is payable by the guest under the scheme (nor does the 'thank you' payment constitute "other consideration"), we do not expect councils to require such accommodation to obtain a House in Multiple Occupation (HMO) licence, whether mandatory or additional (per the HMO definition in the Housing Act 2004, S.254 (2)(e)). Where the sponsor is themselves paying rent for the accommodation being offered under the scheme (e.g. a tenant renting in the private rented sector), the property may be in scope of additional/mandatory HMO licensing schemes in operation in the area. A tenant offering a spare room is already advised to seek their landlord's consent before doing so. The landlord can consider whether they are happy to approve of the arrangement, including whether this may bring them within scope of HMO licensing in their local area. Where accommodation is in scope of selective licensing, councils should take a pragmatic approach in recognition of the unique nature of the scheme.

DBS checks

The DBS application should be started as soon as possible following receipt of data on sponsors and guests. The council will facilitate the application, by the sponsor and any other eligible individuals within the household, including seeking permission for the appropriate DBS checks. In the instance of a rematch, the relevant DBS checks must be completed in advance of move in. In terms of eligibility, within the Homes for Ukraine (HFU) scheme, the expectation is that:

Checks on sponsors

- If a match is made which involves a family group including at least one guest who is a child (i.e., under 18), an Enhanced DBS check will be undertaken on all members of the sponsor household who are aged 16+. This includes a check of the children's barred list. However, this does not apply if the child guest is related to the host sponsor, in this instance only a Basic DBS check is required. The Enhanced check (including a check of the children's barred list) is needed due to the level of safeguarding risk within households where the sponsor and/or other individuals aged 16+ may provide care or supervision of a child guest under the scheme on more than 3 occasions in a 30-day period, or overnight, bringing the sponsors and other adults, for the purpose of the Homes for Ukraine scheme, into regulated activity (SVGA 2006, Sch4, Part1).

- If your council decides that an adult guest requires additional support, due to age, illness or disability **and** it is proposed that an adult (16+) member of the sponsoring household provides them with this support, then the local authority may ask for an Enhanced DBS check (including a check of the adults' barred list) to be undertaken on any member of the sponsor's household who is proposed to provide that support. Existing guidance regarding

[Regulated Activity with Adults](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/739152/Regulated_Activity_with_Adults_in_England.pdf) can support the council's assessment of the eligibility of individuals for this level of check.

- In all other cases, including where there is a family relationship between the sponsor and the guest(s), a Basic DBS check should be undertaken on all members of the sponsor household who are aged 16+.

Applying for DBS checks

In terms of initiating DBS checks, the council and/or Registered Body will provide the sponsor (and any adults, 16 or over, in the sponsor's household) with the appropriate form, Basic or Enhanced, which will need to be completed by the individual. The council will need to check the identity of each applicant and, for the Enhanced check, countersign the application form.

Councils will be aware that changes to DBS ID checking guidelines are still in place; [COVID-19: Changes to DBS ID checking guidelines](https://www.gov.uk/government/news/covid-19-changes-to-dbs-id-checking-guidelines). As stated in DBS guidance, when checking the validity of the documents it is best practice to carry out this examination face-to-face. Other alternative methods include via a live video link, for example Skype and FaceTime. In both cases you must be in physical possession of the original documents. Any risks identified when using live video must be assessed and mitigated by you if implementing this practice. You must not rely on the inspection of the documents via a live video link, or by checking a faxed or scanned copy of the document.

Councils should be aware that:

- DBS is required to charge a fee for checks. Councils will be required to cover the cost of DBS checks from the £10,500 funding that is being provided to enable them to provide support to families to settle in.

- To facilitate processing, councils or Registered Bodies must include the word “Ukraine” in the ‘position applied for’ field in the form for Enhanced checks.

- To ensure that the relevant Enhanced DBS checks are delivered as efficiently as possible the council or Registered Body submitting the check must not tick the box on the application form (field x66) which indicates that the applicant will be working at their home address.

- Councils should ensure prompt input of check results to the Foundry system to enable assurance of the safeguarding process and to enable allocation of the £10,500 funding for arrivals.

<p>Councils are expected to make at least one in-person visit once the guest(s) has arrived. This welfare check enables the council to see whether there are any welfare concerns or formal assessments that should be undertaken. Before undertaking the visit, the local authority can choose to review their local intelligence, if any, on the sponsor household in line with pages 18-22 of Working Together to Safeguard Children and guidance on Information Sharing Information sharing: advice for practitioners (publishing.service.gov.uk).</p> <p>It is for local authorities to decide who undertakes the welfare check, ensuring they have sufficient knowledge of potential issues.</p> <p>During the visit, the local authority may wish to:</p> - - Set expectations with both the sponsors and guest(s) (individually and together) over the scheme, the relationship between them, including that each is responsible for their own family, and what support is available to them; - Run through with both sponsors and guest(s) what potential issues they should be aware of and how they can raise concerns. Check that the guest has the means to access these for themselves should they need to; and - Share information on support available, and processes such as school places, registering with a GP. <p>At the visit local authorities should sense check the individuals and their relationships, being aware of potential safeguarding issues such as trafficking. They should also ensure all guests and sponsor household listed on the application are correct and present. It is good practice for local authorities briefly to document the visit for their records.</p> <p>Local authorities should consider if there are any further assessments they may need to complete, e.g. child in need assessments under section 17 of the Children Act 1989, Care Act 2014 assessments for adults, as well as what further support the guests and sponsors may need.</p>

<p>During the process of undertaking the welfare check and receiving the DBS certificate, councils should also use any additional existing processes to assess whether the sponsor is an appropriate host.</p>

<p>Whilst this guidance sets out specific requirements for this scheme, local authorities should continue to follow existing statutory guidance Working Together to Safeguard Children along with specific guidance on relevant harms such as modern slavery, exploitation or domestic abuse. They should also continue working with other safeguarding partners, including the police and health agencies, as usual as they carry out their statutory safeguarding functions, and share information as necessary so that there is a joint understanding of and response to any concerns arising. They may also wish to engage other relevant agencies and services who come into contact with guest families.</p>

<p>The vast majority of those applying to be Homes for Ukraine sponsor households will be doing so for altruistic reasons, wishing to help others find a place of safety after turbulent times. But nonetheless there are risks, as in other areas, that some will be applying to be a sponsor for the wrong reasons. Everyone should be vigilant and take appropriate safeguarding action where needed. Some of those issues will be immediately apparent, e.g. through an unsatisfactory DBS certificate or previous local concerns about the sponsor, others will only emerge over time.</p>

<p>The sponsor household and guest household will each retain responsibility for their own family members. As the provider of the accommodation, the sponsor is in a relative position of power. There will also be potential harms from outside of the household that guest families (both adults and children) may be vulnerable to. Local authorities should particularly consider whether there are risks or instances of:</p>

<p>exploitation & trafficking Modern slavery and human trafficking - National Crime Agency</p>

<p>modern slavery</p>

<p>domestic abuse and Local

authority support for victims of domestic abuse and their children within safe accommodation factsheet</p>

<p>child abuse. Child abuse concerns: guide for practitioners</p>

<p>child sexual exploitation Department for Education core guidance</p>

<p>criminal exploitation Criminal Exploitation of children and vulnerable adults: County Lines guidance</p>

<p>Local authorities should use existing guidance and frameworks as detailed above on these issues, along with any other matters that might become apparent. Local authorities should draw on existing safeguarding partnership arrangements to support this work and consider whether there are additional services that safeguarding partners should engage with to provide support.</p>

<h3 id="unaccompanied-children">Unaccompanied children</h3>

<p>From experiences of other large-scale movements of people in times of crisis, it is possible for family groups to become separated. Local authorities should therefore be alert to children having potentially left Ukraine and surrounding countries with adults that are not related to them. This may be picked up before travel or at the border but it may also not become apparent until later in their stay in the UK.</p>

<p>If any unaccompanied children come to light, then statutory duties under the Children Act 1989 apply. Local authorities are expected to act in accordance with those duties, including for example determining whether a child is in need under Section 17 of the Children Act 1989, and whether there is a need to provide accommodation in accordance with section 20. In exercising any statutory duty, in line with Working Together to Safeguard Children, local authorities will want to consider the potential for future family reunification and return to Ukraine.</p>

<h3 id="further-contact">Further contact</h3>

<p>The scheme expects a single visit at the outset. It is good practice for local authorities to check how the sponsor-guest relationship is going and whether support is needed or if any concerns have emerged. It is for local authorities to determine whether and how frequent any follow up visits should be, based on

their assessment of need and appropriateness in line with existing statutory responsibilities for children and adults.</p>

<p>Interim payment for guest</p>

<p>The council where the sponsor accommodation is located should provide an interim payment (in line with other resettlement schemes) of £200 per guest for subsistence costs. The £200 payment is factored into the tariff and does not need to be repaid by the guest. Councils should agree a plan locally to determine how this payment is delivered (see 'Funding for Councils').</p>

<p>Councils will also have discretion within the tariff to top-up or further support guests with interim or additional payments. As those arriving will most likely not have immediate access to a bank account, it is recommended that this payment is made in cash, more information on access to bank accounts can be found in the scheme FAQs. Working age guests will be able to apply to receive Universal Credit and will be able to apply for advance payments where eligible. Pension age guests will have access to State Pension Credit provided they meet eligibility criteria.</p>

<h3 id="rematching">Rematching</h3>

<p>Whilst the priority is to ensure as many sponsorship relationships as possible are sustainable and can support guests for six months and longer, in a minority of cases this will not be possible. Councils will be able to rematch Homes for Ukraine guests with new sponsors in certain circumstances.</p>

<p>Rematching should only be used where it is unviable or unsafe for the sponsorship relationship to continue. Only those who received a visa through the Homes for Ukraine visa route are eligible for rematching.</p>

<p>Rematching should only take place if one or more of the following applies:</p>

<p>A. Only when the council determines it is genuinely not viable or safe for the Ukrainian guest(s) to stay where they are.</p>

<p>B. Because of failed DBS or accommodation checks.</p>

<p>Councils should keep rematches to a minimum, to limit instability for guests and ensure rematching is prioritised for the most pressing situations. If a council has a request for a rematch from Ukrainian guests, but does not deem it justified, it is reasonable to turn this down or prioritise cases deemed more pressing. Councils will need to use their judgement in determining whether there has been an irreparable breakdown in sponsorship.</p>

<p>If a sponsorship has broken down due to concerns over the quality of accommodation or safeguarding issues related to the host, that host should not be considered for rematching and there will be a mechanism within Foundry to red flag unsuitable addresses.</p>

<h3 id="rematching-across-local-authority-areas">Rematching across local authority areas</h3>

<p>Where a beneficiary moves to another a local authority area and this move is deemed justified/necessary, this should only happen with the agreement of the receiving local authority in advance. The host local authorities should raise the case via JIRA and notify of the details of the case and/or contact the relevant lead in the receiving local authority to alert them to the case, to confirm that they are willing to accept.</p>

<p>The receiving local authority should then carry out the relevant DBS and accommodation checks and if returned successfully, can then make the “thank you” payment available, in line with wider guidance on rematching. If a move happens without the agreement of the receiving local authority, then this is outside of the scheme, and there is no obligation on the receiving local authority to retrospectively recognise this as a rematch.</p>

<p>Where a beneficiary moves to another part of the UK, local authorities should adopt the same process as set out for rematching between local authorities, again this should only take place with the agreement of the receiving local authority. The receiving local authority should carry out the relevant DBS and accommodation checks and if returned successfully, can then make the “thank you” payment available to the new sponsor.</p> <p>Councils will be provided with the functionality to facilitate rematches through the Foundry system. Relevant inputs should be entered on Foundry regularly, and at a minimum, weekly.</p> <p>This will allow councils to use the Expression of Interest (EOI) data (from people who registered their interest in becoming a sponsor) to identify and assess the suitability of new potential sponsors. Alongside the EOI information, councils will also be able to source new hosts locally. Prospective hosts from the EOI information will be informed that councils may be in touch for matching opportunities within their area.</p> <p>The safety of beneficiaries and sponsors within the Homes for Ukraine scheme is paramount. There are some differences to the checks process for rematches as these checks are happening outside of the visa system, when beneficiaries are already safely in the country and in contact with councils, and without the checks applied to sponsors at the initial visa application point. When rematching people on the Homes for Ukraine scheme, checks designed to safeguard households will be the responsibility of councils.</p> <p>Because rematching will be council-led and in-country, checks will be the responsibility of councils. Councils will be required to undertake relevant DBS checks and accommodation checks in advance of move-in.</p> <p>Councils are expected to work through their existing multi-agency safeguarding partnerships to pool information they have, to ensure any risks

have been picked up, for example by agreeing the use of multi-agency safeguarding hubs or similar integrated teams. The Government will be writing to local safeguarding partners to reinforce this.</p>

<p>Councils and sponsors may need to signpost guests from Ukraine to open a UK bank account for the purposes of receiving Interim payments and Universal Credit or other state benefits. Further details can be found within the Welcome guide.</p>

<p>More information, including a list of some providers and their websites can be found in section 2.1 of the welcome guide</p>

<p>There are a range of providers, guests can choose which provider suits them best.</p>

<p>To open a bank or building society account, guests will probably need to:</p>

<p>1.Make sure they have an email address set up in their name and a valid phone number, to help the bank or building society communicate with them.</p>

<p>2.Collect all identification and visa documents.</p>

<p>To open a new bank or building society account, you'll need to provide some basic personal information. Here's what the bank or building society may want to know about you:</p>

- name
- date of birth
- nationality
- contact details (email address set up in the guest's name and a valid phone number)

<p>To open a bank or building society account in the UK, guests also need to show proof of ID, and may be asked for things like:</p>

- passport
- biometric residency permit
- driver's licence
- recognised identity card

<p>The quickest way to prove identification is likely to be with a passport and/or Biometric Residence Permit (issued by the UK government). Some UK banks and

building societies may ask for proof of address, though this is not required by law to open a bank or building society account. If you don't have all the identification documents, guests should take all the information they have with them to the bank or building society. Banks and building societies are encouraged to consider alternative ways to identify and verify their customers, and the government has been working closely with the sector to support access for incoming Ukrainian nationals who may not have standard identification documentation.

3. Apply for an account either in person at a bank or building society branch (guests may need to make an appointment), over the phone, online or via a bank or building society's mobile app. If going into a branch, guests should take all relevant identification documents with them. Guests may need to download and fill in an application form from the bank or building society's website. Guests might want to ask your sponsor to help them complete the form and go with them to the bank or building society.

Education and childcare

Just like families entering UK under the Afghan and Hong Kong BN(O) resettlement schemes, children arriving from Ukraine will have no specific additional priority for admission, but the council is under a duty to offer advice to parents on the school application process and should advise them where vacancies exist and how to apply.

If there are school places available in the local area, even if not in the immediate vicinity of the family's home, the council should work with families arriving from Ukraine to enable the children to attend school as soon as possible. It is expected that councils provide places and, that school admission authorities, where they can, utilise the space in their schools as fully as possible and admit above their published admission numbers.

Refugee children should be prioritised for admission under a local authority in-year fair access protocol, and placed quickly, in the circumstances set out in the [School Admissions Code](https://www.gov.uk/government/publications/school-admissions-code--2), e.g. where the child has been refused admission to schools within a reasonable distance of his or her home.

Likewise, children, including those fleeing from Ukraine, should be admitted in-year as exceptions to the infant class size limit where there is no alternative school place within a reasonable distance of their home.

All young people in England are required to continue in education or training until their 18th birthday and most continue until the end of the academic year in which they turn 18. Councils have a statutory duty to support 16- and 17-year-olds to move into education and training. Guests living in the UK under the Ukraine Family Scheme, or the Local Sponsorship Scheme for Ukraine are eligible to enrol as a student, although colleges (but not state-funded schools) may ask to see evidence of eligibility. This could be the Home Office documentation that gives families from Ukraine the legal right to reside in UK. These documents give automatic rights to access education.

<p>The government is providing additional funding to councils to provide education services for children from families if they have arrived through the Homes for Ukraine scheme.</p>

<p>People from Ukraine aged 19+ and their family members settled in the UK under the Ukraine Family Scheme and the Ukraine Sponsorship Scheme (Homes for Ukraine) can access training to gain the skills they need to move on with their lives. This includes provision funded through the Adult Education Budget (including ESOL) and Level 3 - Free Courses for Job Offer and Skills Bootcamps. As the £10,500 tariff is not ringfenced, it can also be used to fund education and skills support including ESOL provision. We know local authorities are working closely with local Further Education providers so new arrivals are signposted to and can access ESOL and other adult education.</p>

<h3 id="service-referrals">Service referrals</h3>

<p>Where necessary, councils should provide advice and referrals to specialist public health services as appropriate e.g., mental health services, adult social care, and children's services. DLUHC will provide further advice on this in due course.</p>

<h3 id="work-and-benefits">Work and benefits</h3>

<p>Councils should support guests to access local Jobcentre Plus appointments for benefit assessments and job-seeking.</p>

<p>There is a Help to Claim service provided by Citizens Advice that is confidential. Citizens Advice will not share claimants' personal information unless they agree. Find a link to the service here</p>

<p>If guests are unable to claim online or to get help with their claim, they can call the Universal Credit helpline. Calls to the Universal Credit helpline are free. Telephone: 0800 328 5644</p>

<p>When their Universal Credit claim has been made, they will be invited for a meeting with a Work Coach at their local Jobcentre Plus.</p>

<p>When making a claim guests should use their own bank account details and ensure that they are the only person with access to their account.</p>

<p>Guests can look for and start work without a National Insurance number if they can prove they can work in the UK. Guests can prove they have the right to work in the UK by showing their employer either their Biometric Residence Permit or their visa in their passport.</p>

<p>National Careers Service: Provides free, impartial, and personalised information and guidance on careers. Can help guests to make decisions on learning, training, and work. Advice is delivered through individual and group face-to-face sessions, over the telephone and online at nationalcareers.service.gov.uk.</p>

<p>Employers are required to conduct mandatory Right to Work checks on all prospective employees. Having a National Insurance number is not part of these checks, and the possession of a National Insurance number does not prove that an individual has a right to work. The employer you want to work for will tell you what documents you need to show.</p>

<p>If guests do not have a NI number they can find further information on how to apply for one, guests will be advised of the documents they will need to provide when making an application.</p>

<p>If the guest does not have a National Insurance Number but is applying for benefit, the process to apply for a National Insurance number will be initiated by the benefit line. The claimant will not need to apply for a National Insurance Number separately.</p>

<p>If a guest works in the UK on a self-employed basis, (working for themselves as opposed to working for an employer), they may incur a UK tax liability on their self-employment earnings. This must be paid through the HMRC Self-Assessment system. Information about income tax and personal allowances can be found at income tax rates. Information about Self-Assessment, including how to register, is at Self Assessment tax returns</p>

<p>Councils have discretion on the form of interim (and any additional) payments made to guests. In the guidance we've recommended these payments be made in cash where possible.</p>

<p>In addition to the £200 interim payment, guests may have the option of receiving an advance payment from Universal Credit.</p>

<p>From the date the claim was submitted, the first regular Universal Credit payment is usually paid 5 weeks later. This is made up of a one month assessment period and up to 7 days for the payment to reach their account.</p>

<p>Once identification has been verified and a National Insurance number added to a claim, if required the claimant can apply for an advance to support them until they receive their first payment. This can be requested over the phone or online. The Department for Work and Pensions (DWP) will advise the claimant on the request via the guest's Universal Credit account or preferred method of contact when they can apply for an advance.</p>

<p>Claimants can request an advance of up to 100% of their estimated Universal Credit entitlement. Claimants will be asked over what period of time they wish to spread their advance recovery, up to 24 months. A claimant who chooses 24 months will receive the same amount of entitlement during that time, just divided into 25 payments rather than 24.</p>

<p>Once agreed advance payments will generally take 3-4 days to be paid into the claimants account. If a claimant has an urgent need, they may be able to receive a same day payment (this option is not available on weekends and public holidays).</p>

<p>Child Benefit is a universal benefit for parents or guardians that issues monthly payments equating to £21.80 per week for the eldest child and £14.45 per week for each additional child.</p>

<p>Guests will usually be able to claim Child Benefit if they are the parent or guardian of a child or children under the age of 16 (or under the age of 20 if they stay in approved education or training). By claiming Child Benefit, they receive monetary payments, usually every 4 weeks. They need to apply for Child Benefit by filling in a Child Benefit claim form and sending it to the Child Benefit Office. The address is on the form. More information on claiming Child Benefit, including the evidence that they will need to provide with your claim, can be found at child benefit.</p>

<p>There may be some cases where the sponsor/guest relationship breaks down and the guest is homeless or at risk of homelessness. Councils' statutory homelessness duties will apply in this instance.</p> <p>Local housing authorities may be able to end a homelessness prevention or relief duty owed to a Ukrainian beneficiary by facilitating a rematch, provided the placement and accommodation are suitable and there is a reasonable prospect of it continuing to be available for at least six months.</p> <p>Local housing authorities must continue to consider their statutory homelessness duties in full and take account of the individual circumstances of each household when assessing if the accommodation and match is suitable. DLUHC intends to provide more detail on this interaction shortly in an update to the Homelessness Code of Guidance, as well as consequences for intentional homelessness decisions.</p> <p>Homelessness legislation in respect of local connection is unchanged. However, to support councils in determining which authority should provide assistance in cases where the household is yet to establish a local connection, the recommended general approach should be for the council where the household's sponsor is located to take the homelessness application.</p> <p>If the household makes a homelessness application to a council other than the council where their sponsor is located, in line with the legislation the council must take the application and then consider if a local connection referral is appropriate.</p> <p>Councils will play a key role in supporting the integration of Ukrainian families into their local communities. This will be particularly important in areas of the country that might not have strong links with the Ukrainian diaspora. Integration support might include the organisation of community events, the use of community champions and interfaith networks, increasing local authority contact/interaction with people from Ukraine, access to translation services and working with local voluntary sector organisations and faith groups to help signpost advice and support.</p>

Administering payments to sponsors

Sponsors are eligible for an optional 'thank you payment' of £350 per month, for as long as the guest remains in their accommodation for up to 12 months. This payment will be tax free and should not affect the sponsor's entitlement to benefits or council tax status.

Councils will administer these 'thank you' payments to sponsors. Central government will allocate funding for these payments but expects councils to cover administration costs from the tariff including costs of fraud prevention.

Payment mechanism

-

- We recognise that councils require flexibility to issue payments using the systems best suited to their local arrangements. Therefore, councils should build in payments as part of their existing workflow processes with sponsors, however they best see fit. However, authorities must ensure that they adhere to the following conditions of payment: Only the named lead sponsor is eligible for the £350 payment per month

- Lead sponsors can claim for up to 12 months

- Lead sponsors are only eligible for monthly payments for as long as the guest remains living in their accommodation

- Only one monthly payment will be given per residential address, regardless of the number of guests being hosted, size, or location of the property

- Payments must only be issued to those lead sponsors where it is confirmed that they have passed the necessary property and safeguarding checks. All 5 set checks within Foundry must have been completed before the council begins the process of issuing the sponsor payment

- Fraud checks must be conducted in line with the councils anti-fraud processes

- Lead sponsors are not eligible for the £350 monthly payment if they are charging the guest rent

- Conducting an in person check at the 6-month mark as a minimum to verify that the guest is still residing at the accommodation

Whilst there is flexibility for how councils can deliver these payments, an example of how this might be conducted could include:

-

- Confirming with the sponsor that they would like to receive the optional £350 monthly payments

- Making sure the sponsor signs a self-declaration form confirming all details are correct, that they are not charging rent, and that they agree to notify the council of any changes

- Conducting all safeguarding and property checks before administering the payment.

- Conducting the necessary fraud checks, such as checking the sponsor's identity, cross- referencing this information against relevant council databases to

confirm the correct name and address has been provided, requesting a bank statement from the sponsor, and seeking evidence of the guest's visa

- Paying the sponsor monthly in arrears directly into their bank account
- Conducting an in person check at the 6-month mark to verify that the guest is still residing at the accommodation

The onus is on the sponsor to notify the council of any changes during the 12-month period following the signing of the self-declaration form. Councils should make sure that this is clearly understood by the sponsor and that they understand who they should report any change of circumstances to. Councils should ensure at least one in person check is conducted at the 6-month mark at a minimum but may conduct more checks if they wish. Where other property or safeguarding checks are occurring, these can be combined with verifying that they guest still remains at the property. The following [advisory sponsor declaration template form](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1086077/_Thank_You__Payment_Application_Form_for_Sponsors.odt) (type="OpenDocument Text document" ODT, file-size="17.2 KB") can be used by councils if they so wish to seek conformation that sponsors understand this requirement.

Where guests move out before the full 12-month period, the sponsor is eligible to claim the monthly payment if the guest has lived in their accommodation for at least half of the month of departure.

Identifying where rent is being charged

Councils should ask the sponsor and guest whether rent is being charged and whether the guest is being asked to provide contributions to food or utilities. Councils should use their discretion to assess whether these contributions are excessive and, if they constitute rent in practice, councils can decline to make the thank you payment. Councils are responsible for the prevention of fraud of the £350 payment at a local level and this should be conducted in line with usual fraud prevention activities. Costs of counter-fraud activity related to the operation of the scheme are covered within the £10,500 tariff.

It is recommended that councils conduct a 10% sample of monitoring checks for these payments. Over time councils may wish to raise or lower this depending on the level of risk they identify. These checks can be combined with any other ongoing checks.

Should members of the public suspect fraud is taking place, they should direct their concerns to the relevant council to investigate further.

Where fraud is identified, councils should use their best endeavours to claw the money back applying their usual counter-fraud and debt collection practices. Where councils are able to claw the money back, we expect this to be included in the reconciliation process at the end of the financial year.

Funding for councils for Homes for Ukraine

The government is providing funding at a rate of £10,500 per person to councils to enable them to provide support to families to rebuild their lives and fully integrate into communities.

This funding is un-ringfenced, with a number of conditions attached, and matches the tariff offered under the first year of the Afghan Citizens Resettlement Scheme (ACRS) and Afghan Relocations and Assistance Policy (ARAP), although the role of councils will be different. For example, councils will not be asked to source initial accommodation under this scheme as this will be provided by the sponsor.

The government is also providing funding for councils to administer the optional 'thank you' payments at the £350 per sponsoring household per month rate. We allocate additional funding for these payments through a ringfenced grant, and we expect councils to cover administration costs within the tariff. There are also conditions attached to this grant. Further details on the grant conditions are outlined below.

The Department will make regular payments to councils, each covering three months of the programme, in arrears. On 30 June 2022 DLUHC made the first payment to councils in England, to cover the months March to May.

Payments are based on the actual number of Homes for Ukraine guests (for the £10,500 tariff) and the actual number of payments to sponsoring households (for the £350 'thank you' payments) within each area. DLUHC will conduct a reconciliation process at the end of the financial year to ensure that councils receive their correct entitlement for both the £10,500 tariff and £350 'thank you' payments. Future guidance will cover outstanding detail on this process, including the process by which we will account for movements of guests between sponsorships that cross local authorities.

In England, in two tier areas, both districts and counties have access to funds for their relevant duties under the scheme. Having engaged closely with representatives from the sector to determine the most appropriate payment mechanism, funding for both the £10,500 tariff and the £350 thank -you payments will be provided to upper tier councils.

However, in two tier areas it is a condition of the funding that councils must agree a plan locally to:

-

- make prompt payments to lower tier authorities in relation to all the services which they provide to guests under the Homes for Ukraine Scheme, during the full duration of the scheme, including for services such as homelessness assistance for which lower tier authorities are responsible; and

- make an immediate payment to lower tier councils in relation to any upfront costs.

<p>In Scotland, councils will receive the £10,500 and the £350 thank you payments directly from DLUHC except in those instances where guests are placed in temporary accommodation of more than 14 days. In those cases, DLUHC will pay the Scottish Government the £350 directly through budget cover transfers.</p>

<p>In Wales, the Welsh Government will receive the £10,500 tariff payments for local authorities from DLUHC. The £350 thank you payments will be provided directly to Welsh councils by DLUHC, except in cases where the Welsh Government act as a sponsor. In those cases the £350 will be paid to the Welsh Government until guests move into sponsorship accommodation, at which point the thank you payments will be paid to councils.</p>

<p>In Northern Ireland, the Northern Ireland Executive will manage all £350 thank you payments to sponsors and all £10,500 tariff payments for local authorities, and will be compensated by DLUHC.</p>

<p>We will continue to collect data relating to the programme via the Foundry system, through which we expect councils to upload relevant data on a weekly basis at a minimum. We also expect councils to maintain accurate records on the number of guests and sponsorship households in their area. It is critical that this data is accurately captured and reported to the Department to enable payments of funding to be made.</p>

<p>We expect councils to use the tariff to meet all of their associated costs (both for providing council services to guests and for administering payments). We recognise, however, that a small number of councils may incur additional essential costs above and beyond what could reasonably be regarded as normal expenditure and not available through other mainstream funding mechanisms. We will therefore consider claims for such costs on an exceptional basis only.</p>

<p>We ask that any council who may be experiencing unmanageable pressures to contact the Department for Levelling Up, Housing and Communities in the first instance.</p>

<p>The government is also providing additional funding to councils to provide education services for children from families arriving from Ukraine under this scheme. The Department for Education (DfE) will allocate funding on a per pupil basis for the 3 phases of education at the following annual rates:</p>

- Early years (ages 2 to 4) - £3,000
- Primary (ages 5 -11) - £6,580
- Secondary (ages 11-18) - £8,755

<p>These tariffs include support for children with special educational needs and disabilities (SEND).</p>

<h3 id="differing-locations">Differing locations</h3>

<p>The authority where the guest resides is responsible for paying the monthly £350 payment to the sponsor. If the sponsor is within another council area, the

two councils should work together to ensure the necessary fraud checks are conducted. The council responsible for issuing the payment will need to adhere to all of the above conditions but will likely need to rely on the sponsors council to cross reference the information against their records. We will provide further guidance on what should happen with the £350 payment if there is a change in sponsor in due course.

Homes for Ukraine funding - grant conditions

Funding for the Homes for Ukraine grant payments for English councils has conditions attached, which are set out in grant determinations published on gov.uk.

Grant payments to councils are made in arrears, and are subject to confirmation that guests have arrived and all conditions have been met. Councils must undertake all necessary safeguarding checks in line with the Department's guidance. Relevant inputs, including whether safeguarding checks have been completed, should be entered on Foundry regularly, and at a minimum, weekly. In addition, it is a condition of funding that councils provide regular data returns in relation to the Homes for Ukraine scheme, as set out in guidance, including on the number of beneficiaries in their area.

Importantly, payments will not be made where the Department is not satisfied that councils are fully complying with relevant grant conditions, including the timely return of data in line with guidance. It is critical, therefore, that councils record all necessary information via the Foundry system. In addition, whilst we will continue to collect data relating to the programme via the Foundry system, we also expect councils to maintain accurate records on the number of guests and sponsorship households in their area.

Please find below the conditions that the Department has attached to these grants.

For the £350 thank you grant

Pursuant to section 31(5) of the Local Government Act 2003, the Secretary of State determines that the grant will be paid subject to the following conditions:

1. Payments to sponsors should only be paid in accordance with circumstances set out in the Homes for Ukraine guidance for councils (linked at Annex C) and should not be released until:

a. a visit to the sponsoring household property, by the local authority, has been completed; and

b. the local authority has confirmed that the accommodation is suitable, that the guest is well and that there are no serious safeguarding or welfare concerns.

2. A recipient authority must ensure thank you payments to eligible sponsoring households who request them are made as soon as practicable.

For the £10,500 tariff grant

Pursuant to section 31(5) of the Local Government Act 2003, the Secretary of State determines that the grant will be paid subject to the following conditions:

1. A recipient authority must use the funding to carry out the activities, as set out in the Homes for Ukraine guidance, including completing all 5 safeguarding and accommodation checks, including DBS checks, on sponsors and the property in line with the Department's guidance as soon as practicable, and record these 5 checks on the Foundry system.

2. A recipient authority must commission or provide services that ensure guests and sponsors are provided with a source of advice and support to assist with registering for mainstream benefits and services, including where necessary specialist public health services and community integration.

3. In two tier areas, upper tier authorities must agree a plan locally to:

a. make payments to lower tier authorities in relation to all the services which they provide to guests under the Homes for Ukraine Scheme, during the full duration of the scheme, including for services such as homelessness assistance for which lower tier authorities are responsible; and

b. make an immediate payment to lower tier authorities in relation to any upfront costs.

4. A recipient authority must provide regular data returns in relation to the Homes for Ukraine Scheme, as set out in guidance. For example:

a. Entering relevant data on Foundry regularly, and at a minimum, weekly; and

b. that Section 151 officers must sign off quarterly returns to the Department which include: MI data to indicate how many people are moving in/out of the area; the number of £350 'thank you' payments made to sponsoring households; and confirmation that conditions have been met.

For both the £350 thank you grant and the £10,500 tariff grant

-

- Where the amount of grant paid to an authority exceeds the authority's actual pressures (based on either the number of legitimate payments to sponsorship households, or the number of guests resident in their area), the difference shall be repaid to the minister. In addition, if the Department for Levelling Up, Housing and Communities is made aware that an authority is in breach of the grant conditions above, it reserves the right to recover funding. There will be a reconciliation process at the end of the relevant financial year.

Data

<p>The application form will ask for details on the location of the proposed accommodation for the guest so that details can be passed to councils and the Devolved Administrations. The data transfer steps are as follows:</p>

<p>1.The sponsor and guest's data are submitted to the Home Office via the visa application process</p>

<p>2.These data are shared with the Department for Levelling Up, Housing and Communities and the relevant council via the Foundry CMS. It will include the sponsor's contact details, address and the guest's visa status</p>

<p>3.The visa application will then be processed by the Home Office.</p>

<p>4.Data are updated every day and council users must log into the CMS to see</p>

<p>Note: The Foundry CMS will prompt council users to contact sponsors and guests, ensure accommodation is suitable and to conduct safeguarding checks.</p>

<h3 id="homes-for-ukraine-online-portal-safeguarding-and-accommodation-checks">Homes for Ukraine online portal: Safeguarding and accommodation checks</h3>

<p>The Homes for Ukraine scheme requires councils to conduct safeguarding and accommodation checks after receiving notification of a visa application.</p>

<p>Initiation and then completion of the checks should be recorded as soon as possible on Foundry, the online portal for Homes for Ukraine.</p>

<p>The 5 checks to be confirmed on the portal are:</p>

I have checked the accommodation exists and can be used as residential accommodation

I have visited the accommodation and it appears suitable for the proposed guests

I have initiated DBS checks

I have confirmed that the guest(s) has/have arrived in the accommodation

I have completed safeguarding checks, including visiting the guests in their accommodation and can confirm there are no serious concerns

<p>Authority-level data is used for assurance on safeguarding and accommodation checks. The government is providing councils with funding of £10,500 per person under this scheme for the first year. This funding will enable councils to provide support to families to rebuild their lives and fully integrate into communities.</p>

<p>Payment of this grant will be conditional on councils undertaking necessary safeguarding checks and providing the department with relevant data. DLUHC will use completed data extracted from Foundry to support grant payments, and to provide assurance that relevant grant conditions have been met.</p>

[background-and-eligibility](#) Background and eligibility

The Homes for Ukraine scheme was launched on 14 March 2022 by the Secretary of State for Levelling Up, Housing and Communities.

This scheme is open to Ukrainian nationals who were residents in Ukraine prior to 1 January 2022 and also to their immediate family members (for example spouse/partner and children under 18) who may be of other nationalities, to be sponsored to come to the UK. Applicants can apply from Ukraine or from any other third country.

Children who are currently outside of the UK can use the scheme to reunite with their parent or legal guardian who is currently living in the UK, if they are the child's sponsor.

This guidance does not cover children under 18 who are not travelling with or joining a parent or legal guardian. On 28 July, we updated our specific <https://www.gov.uk/guidance/homes-for-ukraine-guidance-for-councils-children-and-minors-applying-without-parents-or-legal-guardians> class="govuk-link">Guidance for Councils (Children and minors applying without parents), <https://www.gov.uk/guidance/homes-for-ukraine-guidance-for-sponsors-children-and-minors-applying-without-parents-or-legal-guardians> class="govuk-link">Guidance for Sponsors (Children and minors applying without parents) and <https://www.gov.uk/guidance/homes-for-ukraine-guidance-for-parents-or-legal-guardians-children-and-minors-applying-without-parents> class="govuk-link">Guidance for Parents and Legal Guardians (Children and minors applying without parents), which relates to existing and new applications from children who are not travelling with or joining a parent or legal guardian, to stay with a known sponsor in the UK (where sponsor eligibility and parental or legal guardian consent requirements have been met).

The <https://www.gov.uk/register-interest-homes-ukraine> class="govuk-link">scheme allows individuals to sponsor named people from Ukraine. In <https://www.gov.scot/publications/supporting-displaced-people-from-ukraine/pages/visa-schemes/> class="govuk-link">Scotland and <https://gov.wales/wales-super-sponsor> class="govuk-link">Wales people fleeing Ukraine can also enter through the Devolved Government Sponsorship route. New applications to both the Scottish Government Welsh Government as a sponsor are paused at present but all existing applications to both schemes are continuing to be processed and existing visa holders continue to travel to Wales and be supported.

The number of people who can access this scheme is uncapped and is dependent on the capacity of the sponsors who come forward.

Guests will be able to live and work in the UK for up to 3 years and access benefits, healthcare, employment, and other support. Those arriving need to meet standard security checks prior to being issued with a visa. Sponsors and all adults in sponsors' households will also be subject to initial Police National Computer (PNC), criminal records and Warnings Index checks by the Home Office. Guests arriving from Ireland should only travel to the UK once they have a visa.

[pre-and-post-arrival-checks](#) Pre and Post arrival checks

Those arriving need to meet standard security checks prior to being issued with a visa. Sponsors will also undergo eligibility and suitability checks prior to any visa being issued and all adults in sponsors' households will also be subject to initial criminal records checks by the Home Office.

Prior to arrival in the UK, the guest and

sponsor are required to complete the online application form which also covers the biometric residence permit (BRP) and gives authorisation for personal data to be shared to help support the sponsor arrangement. To enable visa and security checks to be completed, sponsors will also need to provide evidence of their identity (see details in the application and process section below).

Guests who hold a valid Ukraine international passport or expired passport with a formal extension stamp will not need to attend a Visa Application Centre (VAC). Guests without a passport will be required to book and attend an appointment at a Visa Application Centre to provide biometric information.

Once a visa application has been accepted and security checks completed, guests will be issued an official permission letter from UK Visas and Immigration (UKVI) confirming they can travel to the UK. Official permission letters will be issued to those travelling under the Ukraine Family Scheme and the Ukraine Sponsorship Scheme and will be issued electronically to the correspondence email listed in the application form. Individuals who have attended an appointment at a VAC will be issued with a vignette confirming permission to travel which will be attached to existing travel documents.

The permission to travel letter is not restricted to single entry. However, if a guest chooses to leave the UK before providing their biometrics and receiving a BRP, they will be required to present their permission to travel letter again and receive a new Leave to Remain Outside the Rules (LOTR) stamp on arrival. It is recommended that guests obtain a BRP before leaving the UK.

Upon arrival to the UK guests will be required to show their permission letter or Passport with vignette to Border Force officers. For those with a permission to travel letter, Border Force will endorse their passport with a six-month entry stamp.

Councils will be required to undertake accommodation and DBS criminal record checks for all adults (16 and over) in the sponsor household. The level of check is determined by the age and needs of the guests. Further information on Accommodation and DBS checks can be found in the 'role of Councils' section below.

Individual members of the public can sponsor a guest from Ukraine who meets the eligibility criteria for this scheme. Further details are set out below.

[Application process](https://www.gov.uk/register-interest-homes-ukraine)

On Monday 14 March, the [Homes for Ukraine](https://www.gov.uk/register-interest-homes-ukraine) page opened for potential sponsors (individuals and organisations) to record their interest in sponsoring a guest.

[Individuals sponsoring named guests](https://www.gov.uk/register-interest-homes-ukraine)

On Friday 18 March, a Home Office form opened for [visa applications](https://www.gov.uk/guidance/apply-for-a-visa-under-the-ukraine-sponsorship-scheme).

Sponsors at this stage must be specific individuals.

Either a guest or a sponsor will be able to complete a single application for a visa. The form will ask the person completing it to name both parties.

Sponsors and guests will find each other and match themselves externally. There is no single route to matching, and both the sponsor and guest could use a number of channels to find a match. They could for example already have a relationship in place with a friend in the UK/Ukraine, they could be friends of friends, or could find a sponsor or guest through a Non-Governmental Organisation (NGO), charity, or other channel.

The process is as follows:

1. Sponsor and guest find each other and agree to a match.

2. Either the sponsor or the guest fills out the single visa application form online using both parties' details.

3. Passport numbers (alongside completion of eligibility questions and other personal details) for both guests and sponsors will be required to complete the application online. The guest will also need to upload a scan of their passport. If the guest does not possess a passport, they will be required to travel to a visa application centre to process their biometrics. Security checks on both the sponsor and guest are commissioned from the name data declared in the application form. There is no requirement to upload a copy of identity documents for any other member of the sponsor household.

4. After the application is submitted, security checks are done on both the sponsor, all other adults in the sponsor's household, and the guest.

5. Once both sponsor and guest have passed the checks, the Home Office will issue the guest with a permit to travel.

6. The guest can then travel to the UK and coordinate their arrival with the sponsor.

7. Specific councils will provide welcome arrangements for guests, with additional immediate support provided to guests where it is required (see initial reception role of councils below).

A lead sponsor will be needed for each household. For example, where a couple has applied to sponsor, one of them should be designated as "lead sponsor".

We have set out the expectation on safeguarding above but are undertaking further work on the safeguarding process around individual sponsors and the adults in their households and this will be shared in the next version of the guidance. More detail is given in the section on the role of councils below.

Role of sponsors

The guidance below for councils sets out what is needed from councils to ensure the scheme can work effectively for both sponsors and the people they are trying to help. The guidance in this section aims to ensure appropriate and important checks to ensure safety and safeguarding as well as recognise that sponsors are not doing this in a professional capacity.

Sponsors are required to:

- Meet the eligibility and suitability requirements to be approved as a sponsor.
- Provide suitable accommodation for a minimum of 6 months. Accommodation needs to be free from serious health and safety hazards ensuring the property is safe for guests and in a suitable condition, with considerations set out in the

<https://www.gov.uk/guidance/homes-for-ukraine-scheme-frequently-asked-questions> class="govuk-link" scheme FAQs

- Check their mortgage lenders website for further guidance.
- Notify their insurers that they will be hosting guests from Ukraine, prior to their arrival.
- Homeowners in the UK who want to temporarily house people from Ukraine who have been displaced from the conflict in Ukraine as non-paying guests with them in their primary residence do not need to inform their insurer and their cover will remain the same. Sponsors should be aware of any existing terms that might apply to non-paying guests within their insurance policy and contact their insurer if they wish to discuss their cover or other changes in circumstances. Please refer to the

<https://www.abi.org.uk/products-and-issues/topics-and-issues/ukraine-crisis/> class="govuk-link" Association of British Insurers' statement for more details. Stay in regular contact with their guests prior to their arrival to help organise and coordinate their arrival in the UK, meet them on

arrival, and provide their guests with instructions on how to reach their accommodation if they are unable to meet them. Note: councils will still be required to provide general welcome point arrangements and immediate support on arrival if guests require it (see section below).

Support and help guests to adapt to life in the UK, initially checking if they have enough food and supplies such as toiletries, along with checking if they have access to a mobile phone and internet to stay in touch with family members.

Sponsors should help direct their guests to public services for example, registering with a GP or NHS dentist.

The role of the sponsor is very rewarding, but also challenging. Sponsors should be aware that guests will have experienced trauma and have individual needs, experiences, and worries. Local authorities may want to discuss with sponsors:

- Being sensitive to their guests needs
- Risks of exploitation and abuse
- Sources of support

Sponsors are required to meet the [eligibility and suitability requirements](https://www.gov.uk/guidance/homes-for-ukraine-sponsor-guidance#eligibility) to be approved as a sponsor.

Role of councils

Councils have a number of important functions in supporting the Homes for Ukraine scheme. Councils will be expected to offer the categories of support listed below. Further details on each of these will be issued shortly:

Initial welcome for Ukrainian arrivals at ports of entry

Relevant councils who have primary ports of entry have been asked to establish welcome point arrangements to provide an initial welcome to the UK and any immediate support required. Ports of entry have been prioritised based on frequency of rail and flight routes and anticipated number of arrivals from neighbouring countries to Ukraine. Councils should work with Strategic Migration Partnerships and the voluntary sector, and (if a multi-agency response is required) they may call on the coordination support of Local Resilience Forums.

Tiered funding has been provided to councils with points of entry to establish welcome arrangements for Ukrainian arrivals. Major ports where we expect regular arrivals from early morning to late at night and large numbers of flights on which people from Ukraine could arrive are outlined in the table below.

Councils should also consider the provision of social care staff to respond to any safeguarding concerns that may be flagged by Border Force.

Travel from outside and within the UK

Stena Line travel are offering free transport onboard their ferries to people fleeing from Ukraine seeking shelter in another country. They are also offering free transport to registered charity and humanitarian organisations. As long as safety and capacity allow, the passengers will be booked on the first available sailing and all passengers need to bring a valid passport.

Eurostar is offering free travel on its network. Passengers with a valid visa to enter the UK and a Ukrainian passport can receive the free ticket by speaking to any Eurostar team member at Paris Nord, Brussels-Midi, Lille Europe, or Amsterdam Central.

The Department for Transport have announced their free onward travel for Ukrainian arrivals. They are working closely with the Rail Delivery Group (the group that brings together all passenger and freight rail companies in the UK) to roll out the offer of a free single one-way journey from a port of entry to a final destination for incoming refugees. Train Operating Companies will brief frontline staff to grant free access to the network to those holding a Ukrainian passport, with accompanying boarding pass dated within the last 48 hours.

From Sunday 20 March, guests arriving in the country are eligible for a single onward journey via national rail, bus, light rail, and coach. This will be free of charge to anywhere in England, Scotland and Wales.

To make use of this scheme, guests will need to show their Ukrainian passport and a boarding pass or ticket showing their arrival into the UK. The offer is valid across all train operators in England, Scotland and Wales, and guests will have 48 hours from arrival in the UK to complete their journey.

Within Wales, guests can travel on bus or rail services for free for the first six months after their arrival. They will need to show transport staff their passport or UK government permission to travel letter.

Guests will also be able to travel for free across London using TfL's London Underground, Docklands Light Railway (DLR), bus and tram services so they can reach their destination as quickly as possible.

Further information is available on the [National Rail website](https://www.nationalrail.co.uk/ukraine).

Role of the Voluntary and Community Sector

The government has published a list of Recognised Providers. These are voluntary and community sector organisations running schemes that provide support for people on the scheme and help to match people coming from Ukraine with sponsors in the UK.

Recognised Providers have been encouraged to establish a communication channel to the relevant Local Authorities where sponsors are based to ensure there is a link to the support councils are providing.

Data sharing

In England, unitary and county councils will receive the necessary data from the Department of Levelling Up, Housing and Communities, about sponsors/guests who have applied for visas (including the accommodation address). The data is stored in the Foundry case management system (CMS) and councils can apply for access by completing an [external](https://digital.dclg.gov.uk/jira/servicedesk/customer/portal/11)

class="govuk-link" data-bbox="114 82 883 904">District and county council users can access the CMS and see matched data for their respective areas. District councils will need to access foundry system data in order to commence necessary checks on sponsors. Data will also be passed to the devolved administrations (Scotland, Wales and Northern Ireland). The Department of Levelling Up, Housing and Communities is exploring how to provide councils with live data on expected arrivals and will work with councils directly on this. Please note that it will be a condition of the funding provided to councils that data is uploaded accurately and frequently to the Foundry system. For further detail please see the section below titled 'Homes for Ukraine funding - grant conditions'. The Department for Levelling Up, Housing and Communities (DLUHC) and the Home Office are data controllers for the visa sponsorship scheme. Further information can be found in this Privacy Notice. Local council checks The local council is responsible for initial checks, including at least one in person visit, payments to sponsors, ongoing support, school places, and information about the local area. Following the guest(s)' arrival, councils should confirm as soon as possible that the guest is well and that there are no welfare concerns or needs for care and support. Where there are concerns for the safety or welfare of a child, local authorities should follow their usual processes in line with Working Together to Safeguard Children which may include further assessments. Where it is suspected that the adult may have care and support needs, a needs assessment should be undertaken in line with the requirements of the Care Act 2014. When checks raise a concern The safety of beneficiaries and sponsors within the Homes for Ukraine scheme is paramount. Councils should assess whether any of the information gathered through their checks impacts upon a sponsor's suitability. Where the council has concerns about the suitability of accommodation, they should speak with the owner of the property about changes that could be made to remedy any issues before deeming the property unsuitable. See further guidance on accommodation below. Councils should remain vigilant to safeguarding risks and where concerns arise use existing guidance and frameworks to take appropriate action. See further guidance on responding to safeguarding or welfare concerns below. Where a council assesses that a sponsor is unsuitable, they should record this information as soon as possible on Foundry. Where they are aware that an applicant is yet to be issued with a visa or has not yet travelled, they should also urgently report this case directly to DLUHC through the Jira helpdesk. It is vital that councils report these cases through the Jira helpdesk as DLUHC is only able to take action on cases reported through this route. In cases where the applicant has not been issued a visa, the visa application will not be progressed with that sponsor. Where the applicant meets all other requirements, the applicant will be contacted by the government to offer them the option to withdraw their visa application or be supported in finding a new sponsor through a rematch. The

government will also contact the sponsor to advise them that the application will not be progressed.

In cases where the guest(s) has already been issued with a visa, but has not yet arrived in the UK, Border Force will attempt to intercept the beneficiary at the border and will contact the council to liaise on providing alternative accommodation. In these cases, the council will be responsible for urgently contacting the sponsor to advise them that the sponsorship arrangement will not be progressed. Councils should take reasonable steps to contact guests to inform them that the sponsor has not met the requirements of the scheme and set out the alternative options available to the guest.

In cases where the guest(s) has already arrived at the sponsor's household, the council will be responsible for contacting the guest(s) and the sponsor. It is crucial they do this as soon as possible, particularly where there are safeguarding concerns.

In both cases, where a visa has already been issued, the council will be expected to help secure or provide alternative accommodation, or domestic rematching. As it would be highly likely to be unreasonable for the guest(s) to occupy the accommodation, they would be owed statutory homelessness assistance. Local authorities may be able to end a homelessness prevention or relief duty owed to a guest(s) by facilitating a rematch, provided that the new placement and accommodation are suitable, and there is a reasonable prospect of it continuing to be available for at least six months. See further guidance below on homelessness assistance and rematching.

Councils have a statutory duty to promote the welfare of adults and children at risk and reserve the right to check in on guests and inspect accommodation once they have arrived. This duty may sit across different council functions in two-tier areas where statutory care duties sit with upper tier authorities and housing duties with lower tier authorities. In these areas, a coordinated approach is appropriate. The

<https://www.gov.uk/guidance/homes-for-ukraine-sponsor-guidance> makes clear that prospective sponsors will be subject to accommodation and welfare checks.

Councils must make at least one in-person visit prior to the arrival of guests wherever possible and we have asked councils to confirm that they have checked that the accommodation exists as part of their data return to the Department. The cost of checks should not be passed to the sponsor or guest.

We recognise that the sponsor scheme is a unique arrangement that is seeing people open-up their homes in response to an international crisis. Accommodation checks should be proportionate to this and we ask councils to take a common sense approach. Councils have full discretion on the approach they take to accommodation checks and the judgements they make during these visits. We advise councils to check that accommodation is suitable for the number and profile of people intending to live in it, with access to adequate facilities, and that there are no serious safety issues (e.g. gas or electrical hazards). The Local Government Association has produced emerging

<https://www.local.gov.uk/topics/communities/refugees-and-asylum-seekers/ukraine-council-information/homes-ukraine-lessons> good practice examples and resources that councils may find useful in this context, and will be working to support councils as they take this work forward.

You may wish to note that sponsors have been asked to check that their accommodation is suitable, with considerations set out in the scheme FAQs which reflect some of the most common safety issues in homes. In this guidance we ask that accommodation:

u003c/pu003e\n\nu003culu003e\n \u003cliu003ebe kept clean and in a reasonable state;\u003c/liu003e\n \u003cliu003ehave adequate kitchen and bathroom space;\u003c/liu003e\n \u003cliu003ehave access to drinking water;\u003c/liu003e\n \u003cliu003ehave a working smoke detector on each floor of the property and other fire safety precautions suitable for the building e.g. fire doors or escape routes as appropriate (further information on \u003ca href=\"https://www.gov.uk/government/publications/make-your-home-safe-from-fire\" class=\"govuk-link\"u003emaking a home safe from fire\u003c/a\u003e);\u003c/liu003e\n \u003cliu003ehave a working carbon monoxide detector in any room containing a solid fuel burning appliance (e.g. a coal fire, wood burning stove);\u003c/liu003e\n \u003cliu003ehave sufficient heating to keep the property at a comfortable temperature;\u003c/liu003e\n \u003cliu003ehave safe gas appliances and fittings and flues; you should make appropriate checks; a Gas Safety Certificate is not mandatory though you may require one if you have cause for concern.\u003c/liu003e\n \u003cliu003ehave safe and working electrics, which a qualified electrician can help with if you are unsure;\u003c/liu003e\n \u003cliu003ebe reasonably free from damp or mould;\u003c/liu003e\n \u003cliu003ehave doors and windows at entry level that lock properly;\u003c/liu003e\n \u003cliu003ebe easy and safe to move around in, without excessively steep staircases that may cause harm.\u003c/liu003e\n\u003c/ul\u003e\n\nu003cpu003eSponsors are also informed about the legal requirements on overcrowding. However, councils may consider any factors they deem relevant in order to assess whether accommodation is suitable, enabling flexibility at a local level to deal with individual cases on their merits. Councils continue to retain powers and duties set out in the Housing Act 2004. This guidance does not replace or affect that.\u003c/pu003e\n\n\u003cpu003eIf, on checking the accommodation a council decides that it is unsafe and/or unsuitable, we recommend that they speak with the owner of the property about changes that could be made to remedy any issues before deeming the property unsuitable. Again, this should be based on a pragmatic approach. The government would encourage councils to support sponsors - particularly those that do not usually house guests or let out their property to tenants - to bring their properties to an appropriate standard where possible, for example, by working with the Fire Service to supply additional smoke alarms. Councils retain the discretion to use their enforcement powers to require that issues are remedied if they judge that this is necessary and proportionate. For example, councils could undertake a risk assessment using the Housing Health and Safety Rating System and use their range of enforcement powers (e.g. Hazard Awareness Notices, Improvement Notices etc).\u003c/pu003e\n\n\u003cpu003eFollowing the guest(s)' arrival, councils should confirm as soon as possible that the guest is well and that there are no serious safeguarding or welfare concerns or needs for care and support. Where it is suspected that the adult may have care and support needs, a needs assessment should be undertaken in line with the requirements of the Care Act 2014.\u003c/pu003e\n\n\u003cpu003eCouncils may use their discretion in determining the appropriate approach to undertaking these checks. Where possible, councils are encouraged to conduct an initial check of the accommodation before a guest arrives, except for in the case of a rematch, when the checks must take place in advance of move-in. The cost of checks should not be passed to the sponsor or guest. We have asked councils to confirm that they checked that the accommodation exists as part of their data return to the department. Sponsors have been asked to check that their accommodation is suitable, with considerations set out in the \u003ca href=\"https://www.gov.uk/guidance/homes-for-ukraine-scheme-frequently-asked-questions\" class=\"govuk-link\"u003escheme FAQs\u003c/a\u003e.\u003c/pu003e

Where no rent is being paid by the sponsor of the accommodation, and since no rent is payable by the guest under the scheme (nor does the 'thank you' payment constitute "other consideration"), we do not expect councils to require such accommodation to obtain a House in Multiple Occupation (HMO) licence, whether mandatory or additional (per the HMO definition in the Housing Act 2004, S.254 (2)(e)). Where the sponsor is themselves paying rent for the accommodation being offered under the scheme (e.g. a tenant renting in the private rented sector), the property may be in scope of additional/mandatory HMO licensing schemes in operation in the area. A tenant offering a spare room is already advised to seek their landlord's consent before doing so. The landlord can consider whether they are happy to approve of the arrangement, including whether this may bring them within scope of HMO licensing in their local area. Where accommodation is in scope of selective licensing, councils should take a pragmatic approach in recognition of the unique nature of the scheme.

[DBS checks](#)

The DBS application should be started as soon as possible following receipt of data on sponsors and guests. The council will facilitate the application, by the sponsor and any other eligible individuals within the household, including seeking permission for the appropriate DBS checks. In the instance of a rematch, the relevant DBS checks must be completed in advance of move in. In terms of eligibility, within the Homes for Ukraine (HFU) scheme, the expectation is that:

[Checks on sponsors](#)

Checks on sponsors

If a match is made which involves a family group including at least one guest who is a child (i.e., under 18), an Enhanced DBS check will be undertaken on all members of the sponsor household who are aged 16+. This includes a check of the children's barred list. However, this does not apply if the child guest is related to the host sponsor, in this instance only a Basic DBS check is required. The Enhanced check (including a check of the children's barred list) is needed due to the level of safeguarding risk within households where the sponsor and/or other individuals aged 16+ may provide care or supervision of a child guest under the scheme on more than 3 occasions in a 30-day period, or overnight, bringing the sponsors and other adults, for the purpose of the Homes for Ukraine scheme, into regulated activity (SVGA 2006, Sch4, Part1).

If your council decides that an adult guest requires additional support, due to age, illness or disability \

and \

it is proposed that an adult (16+) member of the sponsoring household provides them with this support, then the local authority may ask for an Enhanced DBS check (including a check of the adults' barred list) to be undertaken on any member of the sponsor's household who is proposed to provide that support. Existing guidance regarding \

can support the council's assessment of the eligibility of individuals for this level of check.

[Applying for DBS checks](#)

Applying for DBS checks

In terms of initiating DBS checks, the council and/or Registered Body will provide the sponsor (and any adults, 16 or over, in the sponsor's household) with the appropriate form, Basic or

Enhanced, which will need to be completed by the individual. The council will need to check the identity of each applicant and, for the Enhanced check, countersign the application form.

Councils will be aware that changes to DBS ID checking guidelines are still in place; [COVID-19: Changes to DBS ID checking guidelines](https://www.gov.uk/government/news/covid-19-changes-to-dbs-id-checking-guidelines). As stated in DBS guidance, when checking the validity of the documents it is best practice to carry out this examination face-to-face. Other alternative methods include via a live video link, for example Skype and FaceTime. In both cases you must be in physical possession of the original documents. Any risks identified when using live video must be assessed and mitigated by you if implementing this practice. You must not rely on the inspection of the documents via a live video link, or by checking a faxed or scanned copy of the document.

Councils should be aware that: [DBS](https://www.gov.uk/government/publications/working-together-to-safeguard-children-2) is required to charge a fee for checks. Councils will be required to cover the cost of DBS checks from the £10,500 funding that is being provided to enable them to provide support to families to settle in. [To](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1062969/Information_sharing_advice_practitioners_safeguarding_services.pdf) facilitate processing, councils or Registered Bodies must include the word “Ukraine” in the ‘position applied for’ field in the form for Enhanced checks. [To](https://www.gov.uk/government/publications/working-together-to-safeguard-children-2) ensure that the relevant Enhanced DBS checks are delivered as efficiently as possible the council or Registered Body submitting the check must not tick the box on the application form (field x66) which indicates that the applicant will be working at their home address. [Councils](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1062969/Information_sharing_advice_practitioners_safeguarding_services.pdf) should ensure prompt input of check results to the Foundry system to enable assurance of the safeguarding process and to enable allocation of the £10,500 funding for arrivals. [Welfare](https://www.gov.uk/government/publications/working-together-to-safeguard-children-2) checks [Councils](https://www.gov.uk/government/publications/working-together-to-safeguard-children-2) are expected to make at least one in-person visit once the guest(s) has arrived. This welfare check enables the council to see whether there are any welfare concerns or formal assessments that should be undertaken. Before undertaking the visit, the local authority can choose to review their local intelligence, if any, on the sponsor household in line with pages 18-22 of [Working Together to Safeguard Children](https://www.gov.uk/government/publications/working-together-to-safeguard-children-2) and guidance on Information Sharing [Information sharing: advice for practitioners](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1062969/Information_sharing_advice_practitioners_safeguarding_services.pdf) (publishing.service.gov.uk) [It](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1062969/Information_sharing_advice_practitioners_safeguarding_services.pdf) is for local authorities to decide who undertakes the welfare check, ensuring they have sufficient knowledge of potential issues.

During the visit, the local authority may wish to: [Set](https://www.gov.uk/government/publications/working-together-to-safeguard-children-2) expectations with both the sponsors and guest(s) (individually and together) over the scheme, the relationship between them, including that each is responsible for their own family, and what support is available to them; [Run](https://www.gov.uk/government/publications/working-together-to-safeguard-children-2) through with both sponsors and guest(s) what potential issues they should be aware of and how they can raise concerns. Check that the guest has the means to access these for themselves should they need to; and [Share](https://www.gov.uk/government/publications/working-together-to-safeguard-children-2) information on support available, and processes such as school places,

registering with a GP. At the visit local authorities should sense check the individuals and their relationships, being aware of potential safeguarding issues such as trafficking. They should also ensure all guests and sponsor household listed on the application are correct and present. It is good practice for local authorities briefly to document the visit for their records. Local authorities should consider if there are any further assessments they may need to complete, e.g. child in need assessments under section 17 of the Children Act 1989, Care Act 2014 assessments for adults, as well as what further support the guests and sponsors may need. During the process of undertaking the welfare check and receiving the DBS certificate, councils should also use any additional existing processes to assess whether the sponsor is an appropriate host. Application of statutory safeguarding duties

Whilst this guidance sets out specific requirements for this scheme, local authorities should continue to follow existing statutory guidance Working Together to Safeguard Children along with specific guidance on relevant harms such as modern slavery, exploitation or domestic abuse. They should also continue working with other safeguarding partners, including the police and health agencies, as usual as they carry out their statutory safeguarding functions, and share information as necessary so that there is a joint understanding of and response to any concerns arising. They may also wish to engage other relevant agencies and services who come into contact with guest families. Potential safeguarding issues

The vast majority of those applying to be Homes for Ukraine sponsor households will be doing so for altruistic reasons, wishing to help others find a place of safety after turbulent times. But nonetheless there are risks, as in other areas, that some will be applying to be a sponsor for the wrong reasons. Everyone should be vigilant and take appropriate safeguarding action where needed. Some of those issues will be immediately apparent, e.g. through an unsatisfactory DBS certificate or previous local concerns about the sponsor, others will only emerge over time. The sponsor household and guest household will each retain responsibility for their own family members. As the provider of the accommodation, the sponsor is in a relative position of power. There will also be potential harms from outside of the household that guest families (both adults and children) may be vulnerable to. Local authorities should particularly consider whether there are risks or instances of: exploitation & trafficking

In exercising any statutory duty, in line with Working Together to Safeguard Children, local authorities will want to consider the potential for future family reunification and return to Ukraine.\u003c/p\u003e\n\n\u003ch3 id=\"further-contact\"\"u003eFurther contact\u003c/h3\u003e\n\n\u003c/p\u003eThe scheme expects a single visit at the outset. The £200 payment is factored into the tariff and does not need to be repaid by the guest. Councils should agree a plan locally to determine how this payment is delivered (see 'Funding for Councils').\u003c/p\u003e\n\n\u003c/p\u003eCouncils will also have discretion within the tariff to top-up or further support guests with interim or additional payments. As those arriving will most likely not have immediate access to a bank account, it is recommended that this payment is made in cash, more information on access to bank accounts can be found in the scheme \u003ca href=\"https://www.gov.uk/guidance/homes-for-ukraine-scheme-frequently-asked-questions\" class=\"govuk-link\"\"u003eFAQs\u003c/a\u003e

Working age guests will be able to apply to receive Universal Credit and will be able to apply for advance payments where eligible. Pension age guests will have access to State Pension Credit provided they meet eligibility criteria.

Rematching

Whilst the priority is to ensure as many sponsorship relationships as possible are sustainable and can support guests for six months and longer, in a minority of cases this will not be possible. Councils will be able to rematch Homes for Ukraine guests with new sponsors in certain circumstances. Rematching should only be used where it is unviable or unsafe for the sponsorship relationship to continue. Only those who received a visa through the Homes for Ukraine visa route are eligible for rematching. Rematching should only take place if one or more of the following applies:

- Only when the council determines it is genuinely not viable or safe for the Ukrainian guest(s) to stay where they are.
- Because of failed DBS or accommodation checks.

Councils should keep rematches to a minimum, to limit instability for guests and ensure rematching is prioritised for the most pressing situations. If a council has a request for a rematch from Ukrainian guests, but does not deem it justified, it is reasonable to turn this down or prioritise cases deemed more pressing. Councils will need to use their judgement in determining whether there has been an irreparable breakdown in sponsorship.

- If a sponsorship has broken down due to concerns over the quality of accommodation or safeguarding issues related to the host, that host should not be considered for rematching and there will be a mechanism within Foundry to red flag unsuitable addresses.

Rematching across local authority areas

Where a beneficiary moves to another a local authority area and this move is deemed justified/necessary, this should only happen with the agreement of the receiving local authority in advance. The host local authorities should raise the case via JIRA and notify of the details of the case and/or contact the relevant lead in the receiving local authority to alert them to the case, to confirm that they are willing to accept.

The receiving local authority should then carry out the relevant DBS and accommodation checks and if returned successfully, can then make the “thank you” payment available, in line with wider guidance on rematching. If a move happens without the agreement of the receiving local authority, then this is outside of the scheme, and there is no obligation on the receiving local authority to retrospectively recognise this as a rematch.

Rematching between devolved administrations

Rematching between devolved administrations

Rematching between devolved administrations

Where a beneficiary moves to another part of the UK, local authorities should adopt the same process as set out for rematching between local authorities, again this should only take place with the agreement of the receiving local authority. The receiving local authority should carry out the relevant DBS and accommodation checks and if returned successfully, can then make the “thank you” payment available to the new sponsor.

LA Foundry Functionality

Councils will be provided with the functionality to facilitate rematches through the Foundry system. Relevant inputs should be entered on Foundry regularly, and at a minimum, weekly.

This will allow councils to use the Expression of Interest (EOI) data (from people who registered their interest in becoming a sponsor) to identify and assess the suitability of new potential sponsors. Alongside the EOI

information, councils will also be able to source new hosts locally. Prospective hosts from the EOI information will be informed that councils may be in touch for matching opportunities within their area.

[Checks](#)

The safety of beneficiaries and sponsors within the Homes for Ukraine scheme is paramount. There are some differences to the checks process for rematches as these checks are happening outside of the visa system, when beneficiaries are already safely in the country and in contact with councils, and without the checks applied to sponsors at the initial visa application point. When rematching people on the Homes for Ukraine scheme, checks designed to safeguard households will be the responsibility of councils.

[Because rematching will be council-led and in-country, checks will be the responsibility of councils. Councils will be required to undertake relevant DBS checks and accommodation checks in advance of move-in.](#)

[Councils are expected to work through their existing multi-agency safeguarding partnerships to pool information they have, to ensure any risks have been picked up, for example by agreeing the use of multi-agency safeguarding hubs or similar integrated teams. The Government will be writing to local safeguarding partners to reinforce this.](#)

[Bank accounts](#)

Councils and sponsors may need to signpost guests from Ukraine to open a UK bank account for the purposes of receiving Interim payments and Universal Credit or other state benefits. Further details can be found within the [welcome guide](https://www.gov.uk/government/publications/welcome-a-guide-for-ukrainians-arriving-in-the-uk)

[More information, including a list of some providers and their websites can be found in](https://www.gov.uk/government/publications/welcome-a-guide-for-ukrainians-arriving-in-the-uk#opening-a-bank-account)

[section 2.1 of the welcome guide](#)

There are a range of providers, guests can choose which provider suits them best.

[To open a bank or building society account, guests will probably need to:](#)

1. Make sure they have an email address set up in their name and a valid phone number, to help the bank or building society communicate with them.
2. Collect all identification and visa documents.

[To open a new bank or building society account, you'll need to provide some basic personal information. Here's what the bank or building society may want to know about you:](#)

- [name](#)
- [date of birth](#)
- [nationality](#)
- [contact details \(email address set up in the guest's name and a valid phone number\)](#)

[To open a bank or building society account in the UK, guests also need to show proof of ID, and may be asked for things like:](#)

- [passport](#)
- [biometric residency permit](#)
- [driver's licence](#)
- [recognised identity card](#)

The quickest way to prove identification is likely to be with a passport and/or Biometric Residence Permit (issued by the UK government). Some UK banks and building societies may ask for proof of address, though this is not required by law to open a bank or building society account. If you don't have all the identification documents, guests should take all the information they have with them to the bank or building society.

Banks and building societies are encouraged to consider alternative ways to identify and verify their customers, and the government has been working closely with the sector to support access for incoming Ukrainian nationals who may not have standard identification documentation.

Apply for an account either in person at a bank or building society branch (guests may need to make an appointment), over the phone, online or via a bank or building society's mobile app. If going into a branch, guests should take all relevant identification documents with them. Guests may need to download and fill in an application form from the bank or building society's website. Guests might want to ask your sponsor to help them complete the form and go with them to the bank or building society.

Education and childcare

Just like families entering UK under the Afghan and Hong Kong BN(O) resettlement schemes, children arriving from Ukraine will have no specific additional priority for admission, but the council is under a duty to offer advice to parents on the school application process and should advise them where vacancies exist and how to apply.

If there are school places available in the local area, even if not in the immediate vicinity of the family's home, the council should work with families arriving from Ukraine to enable the children to attend school as soon as possible. It is expected that councils provide places and, that school admission authorities, where they can, utilise the space in their schools as fully as possible and admit above their published admission numbers.

Refugee children should be prioritised for admission under a local authority in-year fair access protocol, and placed quickly, in the circumstances set out in the <https://www.gov.uk/government/publications/school-admissions-code--2> [govuk-link](https://www.gov.uk/government/publications/school-admissions-code--2) School Admissions Code, e.g. where the child has been refused admission to schools within a reasonable distance of his or her home.

Likewise, children, including those fleeing from Ukraine, should be admitted in-year as exceptions to the infant class size limit where there is no alternative school place within a reasonable distance of their home.

All young people in England are required to continue in education or training until their 18th birthday and most continue until the end of the academic year in which they turn 18. Councils have a statutory duty to support 16- and 17-year-olds to move into education and training. Guests living in the UK under the Ukraine Family Scheme, or the Local Sponsorship Scheme for Ukraine are eligible to enrol as a student, although colleges (but not state-funded schools) may ask to see evidence of eligibility. This could be the Home Office documentation that gives families from Ukraine the legal right to reside in UK. These documents give automatic rights to access education.

The government is providing additional funding to councils to provide education services for children from families if they have arrived through the Homes for Ukraine scheme.

People from Ukraine aged 19+ and their family members settled in the UK under the Ukraine Family Scheme and the Ukraine Sponsorship Scheme (Homes for Ukraine) can access training to gain the skills they need to move on with their lives. This includes provision funded through the Adult Education Budget (including ESOL) and Level 3 - Free Courses for Job Offer and Skills Bootcamps. As the £10,500 tariff is not ringfenced, it can also be used to fund education and skills support including ESOL provision. We know local authorities are working closely with local Further Education providers so new arrivals are signposted to and can access ESOL and other adult education.

Service referrals

Where necessary,

councils should provide advice and referrals to specialist public health services as appropriate e.g., mental health services, adult social care, and children's services. DLUHC will provide further advice on this in due course.

[Work and benefits](#)

Councils should support guests to access local Jobcentre Plus appointments for benefit assessments and job-seeking.

There is a Help to Claim service provided by Citizens Advice that is confidential. Citizens Advice will not share claimants' personal information unless they agree. Find a [Citizens Advice](#) <https://www.citizensadvice.org.uk/helptoclaim/> [govuk-link](#) link to the service here

If guests are unable to claim online or to get help with their claim, they can call the Universal Credit helpline. Calls to the Universal Credit helpline are free. Telephone: 0800 328 5644

When their Universal Credit claim has been made, they will be invited for a meeting with a Work Coach at their local Jobcentre Plus.

When making a claim guests should use their own bank account details and ensure that they are the only person with access to their account.

If guests do not have a NI number they can find [National Insurance number](#) <https://www.gov.uk/apply-national-insurance-number/> [govuk-link](#) further information on how to apply for one

If guests will be advised of the documents they will need to provide when making an application.

If the guest does not have a National Insurance Number but is applying for benefit, the process to apply for a National Insurance number will be initiated by the benefit line. The claimant will not need to apply for a National Insurance Number separately.

If a guest works in the UK on a self-employed basis, (working for themselves as opposed to working for an employer), they may incur a UK tax liability on their self-employment earnings. This must be paid through the HMRC Self-Assessment system. Information about income tax and personal allowances can be found at <http://www.gov.uk/income-tax-rates/> [govuk-link](#) income tax rates

Information about Self-Assessment, including how to register, is at <https://www.gov.uk/self-assessment-tax-returns/> [govuk-link](#) Self Assessment tax returns

Councils have discretion on the form of interim (and any additional) payments made to guests. In the guidance we've recommended these payments be made in cash where possible.

In addition to the £200 interim payment, guests may have the option of receiving an advance payment from Universal

Credit. From the date the claim was submitted, the first regular Universal Credit payment is usually paid 5 weeks later. This is made up of a one month assessment period and up to 7 days for the payment to reach their account. Once identification has been verified and a National Insurance number added to a claim, if required the claimant can apply for an advance to support them until they receive their first payment. This can be requested over the phone or online. The Department for Work and Pensions (DWP) will advise the claimant on the request via the guest's Universal Credit account or preferred method of contact when they can apply for an advance. Claimants can request an advance of up to 100% of their estimated Universal Credit entitlement. Claimants will be asked over what period of time they wish to spread their advance recovery, up to 24 months. A claimant who chooses 24 months will receive the same amount of entitlement during that time, just divided into 25 payments rather than 24. Once agreed advance payments will generally take 3-4 days to be paid into the claimants account. If a claimant has an urgent need, they may be able to receive a same day payment (this option is not available on weekends and public holidays).

Child Benefit is a universal benefit for parents or guardians that issues monthly payments equating to £21.80 per week for the eldest child and £14.45 per week for each additional child. Guests will usually be able to claim Child Benefit if they are the parent or guardian of a child or children under the age of 16 (or under the age of 20 if they stay in approved education or training). By claiming Child Benefit, they receive monetary payments, usually every 4 weeks. They need to apply for Child Benefit by filling in a [Child Benefit claim form](https://www.gov.uk/government/publications/child-benefit-claim-form-ch2) and sending it to the Child Benefit Office. The address is on the form. More information on claiming Child Benefit, including the evidence that they will need to provide with your claim, can be found at [child benefit](https://www.gov.uk/child-benefit).

Homelessness assistance

There may be some cases where the sponsor/guest relationship breaks down and the guest is homeless or at risk of homelessness. Councils' statutory homelessness duties will apply in this instance. Local housing authorities may be able to end a homelessness prevention or relief duty owed to a Ukrainian beneficiary by facilitating a rematch, provided the placement and accommodation are suitable and there is a reasonable prospect of it continuing to be available for at least six months. Local housing authorities must continue to consider their statutory homelessness duties in full and take account of the individual circumstances of each household when assessing if the accommodation and match is suitable. DLUHC intends to provide more detail on this interaction shortly in an update to the Homelessness Code of Guidance, as well as consequences for intentional homelessness decisions. Homelessness legislation in respect of local connection is unchanged. However, to support councils in determining which authority should provide assistance in cases where the household is yet to establish a local connection, the recommended general approach should be for the council where the household's sponsor is located to take the homelessness application. If the household makes a homelessness application to a council other than the council where their sponsor is located, in line with the legislation the council must take the application and then consider if

a local connection referral is appropriate.

Community integration

Councils will play a key role in supporting the integration of Ukrainian families into their local communities. This will be particularly important in areas of the country that might not have strong links with the Ukrainian diaspora. Integration support might include the organisation of community events, the use of community champions and interfaith networks, increasing local authority contact/interaction with people from Ukraine, access to translation services and working with local voluntary sector organisations and faith groups to help signpost advice and support.

Administering payments to sponsors

Sponsors are eligible for an optional 'thank you payment' of £350 per month, for as long as the guest remains in their accommodation for up to 12 months. This payment will be tax free and should not affect the sponsor's entitlement to benefits or council tax status.

Payment mechanism

Councils will administer these 'thank you' payments to sponsors. Central government will allocate funding for these payments but expects councils to cover administration costs from the tariff including costs of fraud prevention.

We recognise that councils require flexibility to issue payments using the systems best suited to their local arrangements. Therefore, councils should build in payments as part of their existing workflow processes with sponsors, however they best see fit. However, authorities must ensure that they adhere to the following conditions of payment:

- Only the named lead sponsor is eligible for the £350 payment per month
- Lead sponsors can claim for up to 12 months
- Lead sponsors are only eligible for monthly payments for as long as the guest remains living in their accommodation
- Only one monthly payment will be given per residential address, regardless of the number of guests being hosted, size, or location of the property
- Payments must only be issued to those lead sponsors where it is confirmed that they have passed the necessary property and safeguarding checks. All 5 set checks within Foundry must have been completed before the council begins the process of issuing the sponsor payment
- Fraud checks must be conducted in line with the councils anti-fraud processes
- Lead sponsors are not eligible for the £350 monthly payment if they are charging the guest rent
- Conducting an in person check at the 6-month mark as a minimum to verify that the guest is still residing at the accommodation

Whilst there is flexibility for how councils can deliver these payments, an example of how this might be conducted could include:

- Confirming with the sponsor that they would like to receive the optional £350 monthly payments
- Making sure the sponsor signs a self-declaration form confirming all details are correct, that they are not charging rent, and that they agree to notify the council of any changes
- Conducting all safeguarding and property checks before administering the payment
- Conducting the necessary fraud checks, such as checking the sponsor's identity, cross-referencing this information against relevant council databases to confirm the correct name and address has been provided, requesting a bank statement from the sponsor, and seeking evidence of the guest's visa
- Paying the sponsor monthly in arrears directly into their bank account

Conducting an in person check at the 6-month mark to verify that the guest is still residing at the accommodation

The onus is on the sponsor to notify the council of any changes during the 12-month period following the signing of the self-declaration form. Councils should make sure that this is clearly understood by the sponsor and that they understand who they should report any change of circumstances to. Councils should ensure at least one in person check is conducted at the 6-month mark at a minimum but may conduct more checks if they wish. Where other property or safeguarding checks are occurring, these can be combined with verifying that the guest still remains at the property. The following [attachment](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1086077/_Thank_You_Payment_Application_Form_for_Sponsors.odt) is an OpenDocument Text document (17.2 KB) which can be used by councils if they so wish to seek confirmation that sponsors understand this requirement.

Where guests move out before the full 12-month period, the sponsor is eligible to claim the monthly payment if the guest has lived in their accommodation for at least half of the month of departure.

Identifying where rent is being charged

Councils should ask the sponsor and guest whether rent is being charged and whether the guest is being asked to provide contributions to food or utilities. Councils should use their discretion to assess whether these contributions are excessive and, if they constitute rent in practice, councils can decline to make the thank you payment. Councils are responsible for the prevention of fraud of the £350 payment at a local level and this should be conducted in line with usual fraud prevention activities. Costs of counter-fraud activity related to the operation of the scheme are covered within the £10,500 tariff.

It is recommended that councils conduct a 10% sample of monitoring checks for these payments. Over time councils may wish to raise or lower this depending on the level of risk they identify. These checks can be combined with any other ongoing checks.

Should members of the public suspect fraud is taking place, they should direct their concerns to the relevant council to investigate further.

Where fraud is identified, councils should use their best endeavours to claw the money back applying their usual counter-fraud and debt collection practices. Where councils are able to claw the money back, we expect this to be included in the reconciliation process at the end of the financial year.

Funding for councils for Homes for Ukraine

The government is providing funding at a rate of £10,500 per person to councils to enable them to provide support to families to rebuild their lives and fully integrate into communities. This funding is un-ringfenced, with a number of conditions attached, and matches the tariff offered under the first year of the Afghan Citizens Resettlement Scheme (ACRS) and Afghan Relocations and Assistance Policy (ARAP), although the role of councils will be different. For example, councils will not be asked to source initial accommodation under this scheme as this will be provided by the sponsor.

The government is also providing

funding for councils to administer the optional 'thank you' payments at the £350 per sponsoring household per month rate. We allocate additional funding for these payments through a ringfenced grant, and we expect councils to cover administration costs within the tariff. There are also conditions attached to this grant. Further details on the grant conditions are outlined below.

The Department will make regular payments to councils, each covering three months of the programme, in arrears. On 30 June 2022 DLUHC made the first payment to councils in England, to cover the months March to May. Payments are based on the actual number of Homes for Ukraine guests (for the £10,500 tariff) and the actual number of payments to sponsoring households (for the £350 'thank you' payments) within each area. DLUHC will conduct a reconciliation process at the end of the financial year to ensure that councils receive their correct entitlement for both the £10,500 tariff and £350 'thank you' payments. Future guidance will cover outstanding detail on this process, including the process by which we will account for movements of guests between sponsorships that cross local authorities.

In England, in two tier areas, both districts and counties have access to funds for their relevant duties under the scheme. Having engaged closely with representatives from the sector to determine the most appropriate payment mechanism, funding for both the £10,500 tariff and the £350 thank -you payments will be provided to upper tier councils. However, in two tier areas it is a condition of the funding that councils must agree a plan locally to:

- make prompt payments to lower tier authorities in relation to all the services which they provide to guests under the Homes for Ukraine Scheme, during the full duration of the scheme, including for services such as homelessness assistance for which lower tier authorities are responsible; and
- make an immediate payment to lower tier councils in relation to any upfront costs.

In Scotland, councils will receive the £10,500 and the £350 thank you payments directly from DLUHC except in those instances where guests are placed in temporary accommodation of more than 14 days. In those cases, DLUHC will pay the Scottish Government the £350 directly through budget cover transfers.

In Wales, the Welsh Government will receive the £10,500 tariff payments for local authorities from DLUHC. The £350 thank you payments will be provided directly to Welsh councils by DLUHC, except in cases where the Welsh Government act as a sponsor. In those cases the £350 will be paid to the Welsh Government until guests move into sponsorship accommodation, at which point the thank you payments will be paid to councils.

In Northern Ireland, the Northern Ireland Executive will manage all £350 thank you payments to sponsors and all £10,500 tariff payments for local authorities, and will be compensated by DLUHC.

We will continue to collect data relating to the programme via the Foundry system, through which we expect councils to upload relevant data on a weekly basis at a minimum. We also expect councils to maintain accurate records on the number of guests and sponsorship households in their area. It is critical that this data is accurately captured and reported to the Department to enable payments of funding to be made.

We expect councils to use the tariff to meet all of their associated costs (both for providing council services to guests and for administering payments). We recognise, however, that a small number of councils may incur additional essential costs above and beyond what could reasonably be regarded as normal expenditure and not available through other mainstream funding mechanisms. We will therefore consider claims for such

costs on an exceptional basis only. We ask that any council who may be experiencing unmanageable pressures to contact the Department for Levelling Up, Housing and Communities in the first instance.

The government is also providing additional funding to councils to provide education services for children from families arriving from Ukraine under this scheme. The Department for Education (DfE) will allocate funding on a per pupil basis for the 3 phases of education at the following annual rates:

- Early years (ages 2 to 4) - £3,000
- Primary (ages 5 - 11) - £6,580
- Secondary (ages 11-18) - £8,755

These tariffs include support for children with special educational needs and disabilities (SEND).

Differing locations

The authority where the guest resides is responsible for paying the monthly £350 payment to the sponsor. If the sponsor is within another council area, the two councils should work together to ensure the necessary fraud checks are conducted. The council responsible for issuing the payment will need to adhere to all of the above conditions but will likely need to rely on the sponsors council to cross reference the information against their records. We will provide further guidance on what should happen with the £350 payment if there is a change in sponsor in due course.

Homes for Ukraine funding - grant conditions

Funding for the Homes for Ukraine grant payments for English councils has conditions attached, which are set out in grant determinations published on gov.uk.

Grant payments to councils are made in arrears, and are subject to confirmation that guests have arrived and all conditions have been met. Councils must undertake all necessary safeguarding checks in line with the Department's guidance. Relevant inputs, including whether safeguarding checks have been completed, should be entered on Foundry regularly, and at a minimum, weekly. In addition, it is a condition of funding that councils provide regular data returns in relation to the Homes for Ukraine scheme, as set out in guidance, including on the number of beneficiaries in their area.

Importantly, payments will not be made where the Department is not satisfied that councils are fully complying with relevant grant conditions, including the timely return of data in line with guidance. It is critical, therefore, that councils record all necessary information via the Foundry system. In addition, whilst we will continue to collect data relating to the programme via the Foundry system, we also expect councils to maintain accurate records on the number of guests and sponsorship households in their area.

Please find below the conditions that the Department has attached to these grants.

For the £350 thank you grant

Pursuant to section 31(5) of the Local Government Act 2003, the Secretary of State determines that the grant will be paid subject to the following conditions:

- Payments to sponsors should only be paid in accordance with circumstances set out in the Homes for Ukraine guidance for councils (linked at Annex C) and should not be released until:
 - a visit to the sponsoring household property, by the local authority, has been completed; and
 - the local authority has confirmed that the accommodation is suitable, that the guest is well and that there are no serious safeguarding or welfare concerns.
- A recipient authority must ensure thank you payments to eligible sponsoring

households who request them are made as soon as practicable.

For the £10,500 tariff grant

Pursuant to section 31(5) of the Local Government Act 2003, the Secretary of State determines that the grant will be paid subject to the following conditions:

1. A recipient authority must use the funding to carry out the activities, as set out in the Homes for Ukraine guidance, including completing all 5 safeguarding and accommodation checks, including DBS checks, on sponsors and the property in line with the Department's guidance as soon as practicable, and record these 5 checks on the Foundry system.
2. A recipient authority must commission or provide services that ensure guests and sponsors are provided with a source of advice and support to assist with registering for mainstream benefits and services, including where necessary specialist public health services and community integration.
3. In two tier areas, upper tier authorities must agree a plan locally to:
 - a. make payments to lower tier authorities in relation to all the services which they provide to guests under the Homes for Ukraine Scheme, during the full duration of the scheme, including for services such as homelessness assistance for which lower tier authorities are responsible; and
 - b. make an immediate payment to lower tier authorities in relation to any upfront costs.
4. A recipient authority must provide regular data returns in relation to the Homes for Ukraine Scheme, as set out in guidance. For example:
 - a. Entering relevant data on Foundry regularly, and at a minimum, weekly; and
 - b. that Section 151 officers must sign off quarterly returns to the Department which include: MI data to indicate how many people are moving in/out of the area; the number of £350 'thank you' payments made to sponsoring households; and confirmation that conditions have been met.

For both the £350 thank you grant and the £10,500 tariff grant

Where the amount of grant paid to an authority exceeds the authority's actual pressures (based on either the number of legitimate payments to sponsorship households, or the number of guests resident in their area), the difference shall be repaid to the minister. In addition, if the Department for Levelling Up, Housing and Communities is made aware that an authority is in breach of the grant conditions above, it reserves the right to recover funding. There will be a reconciliation process at the end of the relevant financial year.

Data

The application form will ask for details on the location of the proposed accommodation for the guest so that details can be passed to councils and the Devolved Administrations. The data transfer steps are as follows:

1. The sponsor and guest's data are submitted to the Home Office via the visa application process
2. These data are shared with the Department for Levelling Up, Housing and Communities and the relevant council via the Foundry CMS. It will include the sponsor's contact details, address and the guest's visa status
3. The visa application will then be processed by the Home Office.
4. Data are updated every day and council users must log into the CMS to see

Note: The Foundry CMS will prompt council users to contact sponsors and guests, ensure accommodation is suitable and to conduct safeguarding checks.

Homes for

Ukraine online portal: Safeguarding and accommodation checks

The Homes for Ukraine scheme requires councils to conduct safeguarding and accommodation checks after receiving notification of a visa application. Initiation and then completion of the checks should be recorded as soon as possible on Foundry, the online portal for Homes for Ukraine. The 5 checks to be confirmed on the portal are:

- we have checked the accommodation exists and can be used as residential accommodation
- we have visited the accommodation and it appears suitable for the proposed guests
- we have initiated DBS checks
- we have confirmed that the guest(s) has/have arrived in the accommodation
- we have completed safeguarding checks, including visiting the guests in their accommodation and can confirm there are no serious concerns

Authority-level data is used for assurance on safeguarding and accommodation checks. The government is providing councils with funding of £10,500 per person under this scheme for the first year. This funding will enable councils to provide support to families to rebuild their lives and fully integrate into communities. Payment of this grant will be conditional on councils undertaking necessary safeguarding checks and providing the department with relevant data. DLUHC will use completed data extracted from Foundry to support grant payments, and to provide assurance that relevant grant conditions have been met.

Expression of interest (EOI) data is now available to councils so that:

- you can see information about people in your area who are interested in becoming sponsors
- you can compare the personal information of potential sponsors with other safeguarding data sources, to identify people who may be unsuitable to become sponsors
- you can identify potential sponsors for rematching

More information and guidance on rematching will be provided in the coming weeks.

The functionality for rematching is also now available on Foundry, and DLUHC will be running show and tell sessions to demonstrate the changes.

The Ministry of Finance initiates a number of system reforms through amendments to budget state programs.
While developing the draft State Budget the Ministry of Finance follows the following principles:

Feasibility

- The Government neither artificially increase, nor hides the revenues. Any expenditure must be supported by the receipts on the revenue account. This is the basis for the balanced budget.
- The budget revenues reflect how much of revenues the economy can realistically generate for the next year without an increase in the tax rate.

Transparency

- The budget forecast must be checked and approved by independent experts and the representatives of the civil society.
- This will make the budget process truly transparent.

Clear Priorities

- The Government prioritized spheres that will receive attention and budgeting which are security and defense, social standards, education, healthcare, diplomacy, agriculture, creation of the Road Fund, energy efficiency, culture, and decentralization.

Aiming for the Future Growth

- Government has shifted to medium-term budget planning.
- The main state budget parameters are planned for the coming three years.
- Predictability of the budget policy and medium-term planning will allow implementing deep reforms that will lead to the improvement of the investment climate.

such as cash assistance through Temporary Assistance for Needy Families
(TANF) or Supplemental Security Income (SSI), health insurance through
Medicaid, and food assistance through Supplemental Nutrition Assistance
Program (SNAP). You may also be eligible for cash assistance, medical
assistance, employment preparation, job placement, English language training,
and other services offered through the Office of Refugee Resettlement (ORR).

<p class="background_pale_blue padding_all">Who are Ukrainians with humanitarian parole? </p>

<p class="MsoNormal">Certain Ukrainian individuals, or non-Ukrainian individuals who last habitually resided in Ukraine, who are also referred to as Ukrainians within this fact sheet, have been or will be granted humanitarian parole by the U.S. Department of Homeland Security in response to Russia’s war on Ukraine. Ukrainian humanitarian parolees paroled into the U.S. between February 24, 2022, and September 30, 2023, are eligible to apply for main-stream benefits, resettlement assistance, and other benefits available to refugees (with the exception of the initial resettlement program customarily referred to as Department of State’s Reception and Placement program), until the end of their parole term. These individuals’ spouses or unmarried children under the age of 21 who are paroled into the U.S after September 30, 2023, are also eligible to apply for these benefits.</p>

<p class="background_pale_blue padding_all">Where do I apply for ORR benefits/services after I arrive in the U.S.? </p>

<p>ORR provides funding to state governments, resettlement agencies, and other nonprofit community-based organizations to provide benefits and services for eligible individuals. Beginning on May 21, 2022, or the date you received humanitarian parole, whichever is later, you can apply at the state government benefits office or closest resettlement agency in your state. For a state-by-state listing of local resettlement agencies, view the ORR state program directory, which also includes a link to ORR state contacts: https://www.acf.hhs.gov/orr/map/find-resources-and-contacts-your-state.</p>

<div>
<div class="msocomtxt">

When should I apply for ORR benefits/services?

Now. Do not wait. Your benefits and services are only available for a limited time. ORR-funded cash and medical assistance are limited to a maximum of 12 months from your date of eligibility (May 21, 2022, or the date you received humanitarian parole, whichever is later). Most ORR employment services and other services aimed at economic self-sufficiency will be available to you until the end of your parole term or until five years from your date of humanitarian parole, whichever is sooner.

What should I bring with me?

You should bring proof of your nationality, your humanitarian parole, and the date you received the humanitarian parole. Each individual in a family applying for ORR benefits and services should bring their own proof and the date their humanitarian parole (or other ORR-eligible status) was granted.

What are some of the benefits and services I can receive as a Ukrainian humanitarian parolee?

Ukrainian humanitarian parolees are eligible to apply for federal mainstream benefits, such as cash assistance through Temporary Assistance for Needy Families (TANF) or Supplemental Security Income, health insurance through Medicaid, and food assistance through Supplemental Nutrition Assistance Program (SNAP). If you are not eligible to receive these mainstream benefits, you can be screened for eligibility at a state government benefits office or the closest resettlement agency in your state for the following ORR benefits and services:

Initial ORR Benefits (Up to 12 months from the date of eligibility)

Refugee Cash Assistance (RCA)

From their date of eligibility (May 21, 2022, or the date they received humanitarian parole, whichever is later), Ukrainian humanitarian parolees may receive up to 12 months of RCA to help meet their most basic needs, such as food, shelter, and transportation. RCA is linked to programming that provides family self-sufficiency planning and employment services to help clients assess their needs, plan how to meet these needs, and immediately find and maintain employment.

ORR Matching Grant (MG) Program
Some may participate in the MG Program, an early self-sufficiency initiative. Enrollment slots are limited in number and by location. The MG Program provides cash assistance, intensive case management, and employment services to help clients immediately find and maintain employment. The goal of the program is to assist clients to become economically self-sufficient within 240 days.

Refugee Medical Assistance (RMA)
From their date of eligibility (May 21, 2022, or the date they received humanitarian parole, whichever is later), Ukrainian humanitarian parolees may receive up to 12 months of RMA to cover their medical needs. RMA provides the same health insurance coverage as Medicaid.

Domestic Medical Screening
From their date of eligibility (May 21, 2022, or the date they received humanitarian parole, whichever is later), Ukrainian humanitarian parolees may be eligible for a domestic medical screening examination, also known as Refugee Medical Screening, funded by ORR. The screening supports client resettlement by identifying health conditions that threaten their well-being, providing vaccinations required for school and work, and referring them to primary care providers or specialists for ongoing health care. ORR recommends that medical screenings are completed soon after arrival in the U.S.

Services (Up to the end of the individual's parole term or until five years from the date of their humanitarian parole, whichever is sooner)

Employment Assistance: Refugee Support Services (RSS)
Ukrainian humanitarian parolees may be eligible to access RSS, which provides a wide range of services in support of employment and self-sufficiency: employability services; job training and preparation; assistance with job search, placement, and retention; English language training; childcare; transportation; translation and interpreter services; and case management.

Specialized Programs
Some clients may be eligible for specialized programs such as health services, technical assistance for small business start-ups, financial savings, youth mentoring, or other targeted support programs.

As the nation’s cyber defense agency, CISA stands ready to help organizations prepare for, respond to, and mitigate the impact of cyberattacks. When cyber incidents are reported quickly, we can use this information to render assistance and as warning to prevent other organizations and entities from falling victim to a similar attack.

**Organizations can also report anomalous cyber activity and/or cyber incidents 24/7 to [report@cisa.gov](mailto:report@cisa.gov)**

[UPDATED 31 March: Known Exploited Vulnerabilities Catalog](/known-exploited-vulnerabilities-catalog)

CISA recommends all organizations—regardless of size—adopt a heightened posture when it comes to cybersecurity and protecting their most critical assets. Recognizing that many organizations find it challenging to identify resources for urgent security improvements, we've compiled [free cybersecurity services and](/free-cybersecurity-services-and-tools)

tools

from government partners, and industry to assist. Recommended actions include:

#### Reduce the likelihood of a damaging cyber intrusion

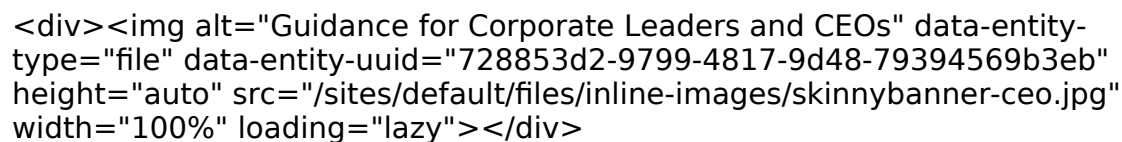

- Validate that all remote access to the organization's network and privileged or administrative access requires multi-factor authentication.
  - Ensure that software is up to date, prioritizing updates that address known exploited vulnerabilities identified by CISA.
  - Confirm that the organization's IT personnel have disabled all ports and protocols that are not essential for business purposes.
  - If the organization is using cloud services, ensure that IT personnel have reviewed and implemented strong controls outlined in CISA's guidance.
  - Sign up for CISA's free cyber hygiene services, including vulnerability scanning, to help reduce exposure to threats.
- #### Take steps to quickly detect a potential intrusion

- Ensure that cybersecurity/IT personnel are focused on identifying and quickly assessing any unexpected or unusual network behavior. Enable logging in order to better investigate issues or events.
  - Confirm that the organization's entire network is protected by antivirus/antimalware software and that signatures in these tools are updated.
  - If working with Ukrainian organizations, take extra care to monitor, inspect, and isolate traffic from those organizations; closely review access controls for that traffic.
- #### Ensure that the organization is prepared to respond if an intrusion occurs

- Designate a crisis-response team with main points of contact for a suspected cybersecurity incident and roles/responsibilities within the organization, including technology, communications, legal and business continuity.
  - Assure availability of key personnel; identify means to provide surge support for responding to an incident.
  - Conduct a tabletop exercise to ensure that all participants understand their roles during an incident.
- #### Maximize the organization's resilience to a destructive cyber incident

- Test backup procedures to ensure that critical data can be rapidly restored if the organization is impacted by ransomware or a destructive cyberattack; ensure that backups are isolated from network connections.
  - If using industrial control systems or operational technology, conduct a test of manual controls to ensure that critical functions remain operable if the organization's network is unavailable or untrusted.
- By implementing the steps above, all organizations can make near-term progress toward improving cybersecurity and resilience. In addition, while

recent cyber incidents have not been attributed to specific actors, CISA urges cybersecurity/IT personnel at every organization to review [Understanding and Mitigating Russian State-Sponsored Cyber Threats to U.S. Critical Infrastructure](https://www.cisa.gov/uscert/ncas/alerts/aa22-011a). CISA also recommends organizations visit [StopRansomware.gov](https://www.cisa.gov/stopransomware), a centralized, whole-of-government webpage providing ransomware resources and alerts.

A banner image with the text "Guidance for Corporate Leaders and CEOs" and a small icon of a person.

Corporate leaders have an important role to play in ensuring that their organization adopts a heightened security posture. CISA urges all senior leaders, including CEOs, [to take the following steps](https://www.cisa.gov/sites/default/files/publications/Focus_Areas_for_CEOs.pdf):

- 

**Empower Chief Information Security Officers (CISO):** In nearly every organization, security improvements are weighed against cost and operational risks to the business. In this heightened threat environment, senior management should empower CISOs by including them in the decision-making process for risk to the company, and ensure that the entire organization understands that security investments are a top priority in the immediate term.

- 
- Lower Reporting Thresholds:** Every organization should have documented thresholds for reporting potential cyber incidents to senior management and to the U.S. government. In this heightened threat environment, these thresholds should be significantly lower than normal. Senior management should establish an expectation that any indications of malicious cyber activity, even if blocked by security controls, should be reported to [report@cisa.gov](mailto:report@cisa.gov).

If you have experienced a ransomware attack, CISA strongly recommends using the following <strong><a href="/sites/default/files/publications/Ransomware\_Response\_Checklist\_508.pdf">checklist</a></strong> provided in a Joint CISA and Multi-State Information Sharing and Analysis Center (MS-ISAC)&nbsp;<strong><a aria-label="Link Ransomware Guide" href="https://www.cisa.gov/stopransomware/ransomware-guide" rel="noopener noreferrer" tabindex="-1" target="\_blank" title="https://www.cisa.gov/stopransomware/ransomware-guide">Ransomware Guide</a></strong>&nbsp;<strong>to respond. This information will take you through

the response process from detection to containment and eradication.&nbsp;</p>

<ol><li><strong>Determine which systems</strong> were impacted, and immediately isolate them.</li>

<li>Only in the event you are unable to disconnect devices from the network, <strong>power them down to avoid further spread</strong> of the ransomware infection.</li>

<li><strong>Triage impacted systems</strong> for restoration and recovery.</li>

<li>Consult with your incident response team to d<strong>evelop and document an initial understanding</strong> of what has occurred based on initial analysis.</li>

<li><strong>Engage your internal and external teams</strong> and stakeholders with an understanding of what they can provide to help you mitigate, respond to, and recover from the incident.&nbsp;</li>

<li><strong>Take a system image and memory capture</strong> of a sample of affected devices (e.g., workstations and servers).</li>

<li><strong>Consult federal law enforcement regarding possible decryptors</strong> available, as security researchers have already broken the encryption algorithms for some ransomware variants.</li>

</ol><p>For more detailed information, visit the <strong><a href="https://www.cisa.gov/stopransomware">StopRansomware.gov</a></strong> website, and follow the steps on the <strong><a href="https://www.cisa.gov/stopransomware/ive-been-hit-ransomware">I've Been Hit by Ransomware!</a></strong> page.<br>&nbsp;</p>

<p class="paragraph"><br>

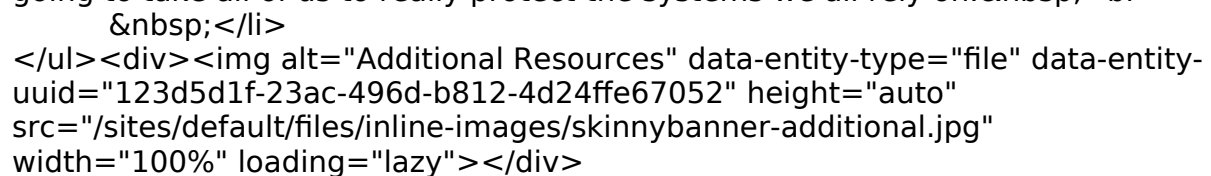

Every individual can take simple steps to improve their cyber hygiene and protect themselves online.&nbsp;<a href="https://www.cisa.gov/4-things-you-can-do-keep-yourself-cyber-safe">I<strong>n fact there are 4 things you can do to keep yourself cyber safe</strong></a>.&nbsp;<strong>CISA urges everyone to practice the following:&nbsp;</p>

<ul><li><strong>Implement <a href="/mfa" target="\_blank">multi-factor authentication</a> on your accounts</strong>. A password isn't enough to keep you safe online. By implementing a second layer of identification, like a confirmation text message or email, a code from an authentication app, a fingerprint or Face ID, or best yet, a <strong><a href="https://fidoalliance.org">FIDO key</a></strong>,&nbsp;&nbsp;&nbsp;you're giving your bank, email provider, or any other site you're logging into the confidence that it really is you. Multi-factor authentication can make you 99% less likely to get hacked. So enable multi-factor authentication on your email, social media, online shopping, financial services accounts. And don't forget your gaming and streaming entertainment services!&nbsp;&nbsp;&nbsp;</li>

**Update your software.** In fact, turn on automatic updates. Bad actors will exploit flaws in the system. Update the operating system on your mobile phones, tablets, and laptops. And update your applications – especially the web browsers – on all your devices too. Leverage automatic updates for all devices, applications, and operating systems.

**Think before you click.** More than 90% of successful cyber-attacks start with a phishing email. A phishing scheme is when a link or webpage looks legitimate, but it's a trick designed by bad actors to have you reveal your passwords, social security number, credit card numbers, or other sensitive information. Once they have that information, they can use it on legitimate sites. And they may try to get you to run malicious software, also known as malware. If it's a link you don't recognize, trust your instincts, and think before you click.

**Use strong passwords,** and ideally a password manager to generate and store unique passwords. Our world is increasingly digital and increasingly interconnected. So, while we must protect ourselves, it's going to take all of us to really protect the systems we all rely on.

<h2>Refugee Programs Bureau (RPB)</h2>

</p>
<h2>Introduction</h2>
<p>The State of California welcomes Ukrainian newcomers and stands in
solidarity as they arrive and integrate into Californian communities. This
information is intended to help Ukrainian families and service providers access
existing state program resources.
</p>
<p>For over a decade, the State of California has been one of the primary
destinations for Ukrainian newcomers resettling in the United States. California
continues to welcome Ukrainian arrivals, including those seeking refuge from the
recent military conflict in Ukraine.
</p>
<p>Since many Ukrainians are arriving outside the federal refugee resettlement
system, the state will support these newcomers by continuing to provide
technical assistance to County Welfare Departments, refugee-serving
organizations, and other community service partners, and in coordinating public
assistance programs and services that support resettlement and integration in
California.
</p>
<p>The federal government is the lead agency responsible for international
diplomatic and humanitarian support. The arrival process for Ukrainian arrivals is
coordinated and led by the U.S. Department of Homeland Security (DHS), U.S.

```

Department of State, and the U.S. Department of Health & Human Services, Office Refugee Resettlement.

</p>

<p>President Biden announced on April 21, 2022, that 100,000 people forced to flee Ukraine will be able to seek safe haven in the United States. Effective April 25, 2022, these individuals can apply to come to the U.S. under a government program known as “Uniting for Ukraine” which will be administered by&nbsp;<a href="https://www.dhs.gov/news/2022/04/21/president-biden-announce-uniting-ukraine-new-streamlined-process-welcome-ukrainians">DHS</a>, U.S. Citizenship and Immigration Services (USCIS), through an online portal.&nbsp;Coming to the U.S. through this pathway requires support from a U.S. citizen, permanent resident, or other legally-residing individual or sponsor – including representatives of non-governmental organizations. On May 21, 2022, President Biden signed into law the “Additional Ukraine Supplemental Appropriations Act, 2022” which provides emergency funds to support the Ukrainian people.

## <h2><a name="ben"></a><strong>Federal and State Benefits</strong></h2>

<p><strong>Ukrainians are expected to enter the United States with many different immigration statuses. The federal government issued <a href="https://www.acf.hhs.gov/sites/default/files/documents/orr/PL-22-13-Ukrainian-Humanitarian-Parolees-Eligible-for-ORR-Benefits-and-Services.pdf">Policy Letter 22-13</a>, which provides specific guidance regarding public benefit eligibility for Ukrainians. Counties should follow the new guidance when determining the eligibility of Ukrainian humanitarian parolees for public benefits. The Refugee Program Bureau will provide additional training and technical assistance to the counties. Dates will be announced soon.</strong>

</p>

<p>Please note that many Ukrainians are expected to receive humanitarian parole. The information below provides an overview of benefit eligibility, including for individuals entering with humanitarian parole:

</p>

<h2><a name="pub"></a><strong>Public Charge</strong></h2>

<p>The U.S. Department of Homeland Security (DHS) and U.S. Citizenship and Immigration Services (USCIS) do NOT consider health, food, and housing services as part of the public charge determination. This means many government funded benefits and services are safe to use.

</p>

<p><strong>MANY IMMIGRANTS SHOULD NOT WORRY ABOUT PUBLIC CHARGE.</strong> Most immigrants are NOT subject to public charge! The rule is mainly applied to people seeking admission (Visa) into the United States or applying to adjust their status (to get a Green Card) through a family-based petition. Public charge does NOT apply to: ● Lawful permanent residents (LPRs) with green cards when they apply for U.S. citizenship or renew their green cards. ● Refugees, Asylees, Temporary Protected Status applicants, DACA applicants or recipients seeking renewal, Special Immigrant Juveniles, asylum applicants, and certain victims of crime, including domestic violence and human trafficking.

**WHAT IS THE PUBLIC CHARGE RULE TODAY?** Public charge is defined as a non-citizen who is likely to become primarily dependent on the government for support, by receiving either: ● cash assistance for income maintenance (like CalWORKs, SSI, and General Relief/Assistance), OR ● being institutionalized for long-term care at government expense.

**EVERY FAMILY IS DIFFERENT, SO REACH OUT FOR QUALIFIED LEGAL ADVICE.**

- The public charge rule does NOT apply to every immigrant.
- Getting government funded benefits alone does NOT make you a public charge.
- Government funded benefits received by your children and family members do NOT make you a public charge.
- Most people with green cards are NOT subject to the public charge rule.
